

# College of Arts, Letters, and Education

## Music BA

### Why study Music?

We believe the study of music is a vital component of a Liberal Arts education and illuminates the creative capacity of the human mind and spirit. Music is a central piece of every culture throughout history, and contributes to the health, well-being and balance of humanity. Through music, students develop a multi-layered ability to problem-solve, and to understand human society across all cultures. Music Majors work closely with music faculty, who combine dedicated teaching with artistic and scholarly excellence. Concerts and recitals, both on and off campus are presented by students and faculty throughout each year.

### Music/Liberal Arts

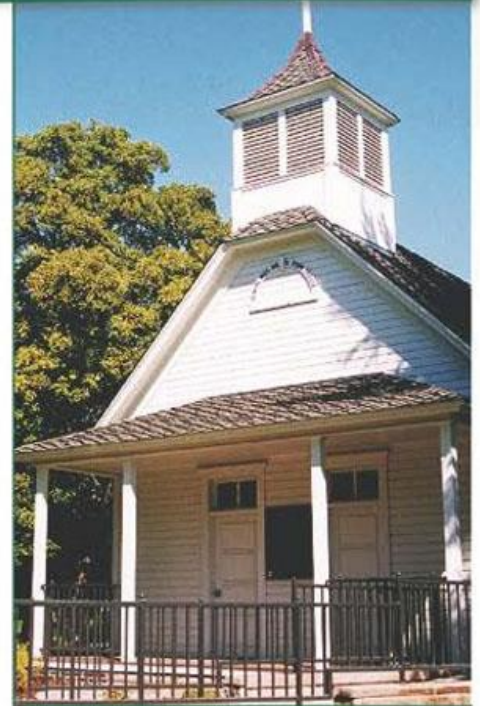

This program is designed for the student who wants to explore music within the broad curriculum of liberal arts and the humanities. Options for emphases in specific instruments, performance and composition are available to students in this track.

#### Scholarship Opportunities:

The Music Department has scholarships available to incoming freshman as well as continuing students. For details on audition dates, call 509.359.2241 or visit [www.ewu.edu/music](http://www.ewu.edu/music).

### Performance and Rehearsal Facilities

Music students enjoy facilities featuring a state of the art piano laboratory with 16 units, 32 practice rooms, electronic music laboratory, technically-enhanced classrooms, and an extensive collection of recordings, scores, and music reference materials located in the JFK Library. The music building houses a renovated 250-seat capacity recital hall, and Showalter Hall serves as an additional performance venue on campus.
