Philosophy BA

(45 Credits)

Why study Philosophy?

Immanuel Kant noted that philosophy teaches us to think for ourselves. It also encourages us to put ourselves in the place of others, so that we occupy the standpoint of universal humanity. Above all, it enjoins us to think consistently.

Skills Learned

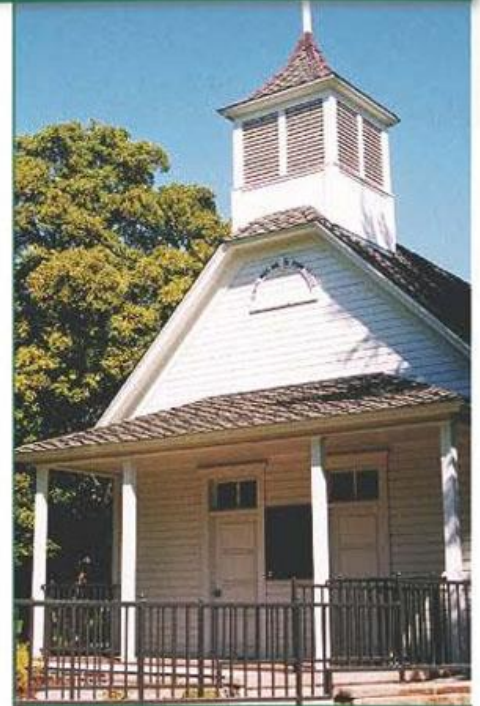

An American Philosophical Association pamphlet notes that employers in the business community “want and reward many of the capacities which the study of philosophy develops,” such as:

- Problem-solving
- Clear communication
- Organization of ideas and issues
- Assessment of pros and cons
- Ability to boil down complex data

Complementary Courses

Many philosophy students have found the following courses offered at EWU to enhance their understanding of the field and engage their minds in new and different ways:

- Modern Languages, such as German and French
- Political Science, such as Marxism and Nietzsche
- Women’s and Gender Studies
- East-West Philosophies and Religion
- Perspectives on Death
- The Human Prospect
