

College of Social Sciences

Political Science BA

57 Quarter Credits

Why Study Political Science at EWU?

The study of Political Science brings a student face-to-face with the issues and concerns of living in a complex world where some measure of public action is necessary to make life livable. Graduates enter the fields of law, public administration, teaching, political staff work and public relations staff work. Home of the pre-law program, international affairs program and the Mock Trial team.

Other Degree Options

The 57-credit major is designed for the student with a strong interest in the political realm who wishes to combine such interest with study of another major or minor field.

Students may choose between the 57- or 72-credit major. There is also an 82-credit Pre-law Option, within the 72-credit major, designed for students interested in law school or work as a paralegal.

Career Opportunities

Employment opportunities for graduates are many and varied. A number of those who graduate each year continue their studies in law or other professional and graduate programs. A similar number find employment in the public sector or with domestic or international business firms. Opportunities also exist in party politics, campaign organizations, the military forces or with the communications media.
