

## International Affairs BA

54-56 Quarter Credits

### Why Study IA, Global Security Processes at EWU?

The International Affairs Program is an interdisciplinary program of the Department of Political Science and is designed for students interested in international politics and global languages and cultures. It offers a carefully integrated and relatively flexible interdisciplinary set of courses in the social sciences leading to the degree of Bachelor of Arts in International Affairs. The goal of this major is to provide students with a solid foundation in the liberal arts for employment and/or advanced study in an international field.

### Other Degree Options

The program of study provides a choice of three concentrations: Global Security Processes, Global Socio-Economic Processes or Global Public Policy. These concentrations give students the opportunity to acquire a theoretically and historically grounded understanding of one significant process in which people and countries are currently engaged. IA students learn to consider issues broadly, to see interconnections among geographic regions, and to engage in critical and creative thinking about them. The IA major prepares students for employment, lifelong learning and life enrichment.

### Career Opportunities

Students majoring in International Affairs will gain competency in current global relations scholarship and skills in research, writing and oral communication. Students will be prepared to go on to graduate study in a wide array of disciplines. We prepare students who aspire to work as diplomats, foreign affairs researchers, military specialists, corporate managers, international development professionals, journalists, lawyers, international bankers, teachers and entrepreneurs.

### Department Chair

Majid K. Sharifi, PhD  
233A Patterson Hall  
Cheney, WA 99004
