

College of Arts, Letters, and Education

Music Secondary Education BAE

120-136 Quarter Credits

Why study Music?

We believe the study of music is a vital component of a Liberal Arts education and illuminates the creative capacity of the human mind and spirit. Music is a central piece of every culture throughout history, and contributes to the health, well-being and balance of humanity. Through music, students develop a multi-layered ability to problem-solve, and to understand human society across all cultures. Music Majors work closely with music faculty, who combine dedicated teaching with artistic and scholarly excellence. Concerts and recitals, both on and off campus are presented by students and faculty throughout each year.

Education Program

In addition to focusing on an instrument or voice, Music Education students complete the Secondary Education program which leads to certification to teach preschool – grade 12 in the State of Washington. This option requires more than 12 quarters to complete at 15–16 credits per quarter and students are placed in appropriate area K-12 schools for their student-teaching experience. A performance audition is required for entrance into this program.

Performance and Rehearsal Facilities

Music students enjoy facilities featuring a state of the art piano laboratory with 16 units, 32 practice rooms, electronic music laboratory, technically-enhanced classrooms, and an extensive collection of recordings, scores, and music reference materials.

Department Chair

Jonathan Middleton
119 Music Building
Cheney, WA 99004
