### Clubs & Organizations Summary

This year, we are requesting \$200 to purchase GRE materials, which will be matched by WSU. We hope to reach out to our undergraduate class and provide as much help and support in the transition for the next steps to applying to graduate school. Along with the GRE materials we'll dedicate our time as officers to facilitate the transition as smoothly as possible and provide advice and information as we go through the process ourselves. We hope this opportunity will provide helpful materials to first generation students who may not have had any prior knowledge of the GRE, or access to study tools.

representatives and faculty travel down to Pullman. and recruit potential students for the Speech and Hearing Sciences program. NSSLHA representatives and faculty travel down to Pullman. We are also planning to travel out to Cheney with the same intentions. We are requesting \$100 to cover food, refreshments, and travel expenses. All funds will be matched by WSU. This event has happened the last five years, and it is very important in the recruitment of incoming juniors. We have received good feedback from the underclassmen each year, and we would like to continue this.

1	F. Events/All Expenses - Inter-Professional Opportunities	\$100.00
	Totals:	\$100.00

Clubs & Organizations Summary

---

We are planning to have an inter-professional meet and greet with the Occupational Therapy students. Because each of our professions are closely related, we thought it would be beneficial to encourage communication amongst the two disciplines. We plan to have students from both arenas speak and share information about their profession. Also, we plan to "flip the classroom upside-down" by having the Occupational Therapy and the UPCD students switch treatment roles. We plan to have activity stations pertaining to each discipline for the opposite program to participate in. This event will not only foster hands-on learning for each group of students, but it will also build relationships among the students. We are requesting \$100 to spend on materials for learning activities, and light refreshments. These funds will be matched by WSU.
