

KEYNOTE GUEST SPEAKER

Dr. Angela Jones

Director of the Washington State Initiative at the Bill and Melinda Gates Foundation

Founding partner of the Black Future Co-op Fund

On March 16, you will see a large group of vibrant, high-potential high school students on campus for the Ivy Leadership Academy hosted by the Office for Diversity, Equity & Inclusion.

Show your eagle spirit in welcoming them onto our campus! Ivy is designed to introduce students grades 10th-12th with the tools needed for their personal and professional life and career successes.

Ivy is designed with the goal to expose high school students to higher education, mentors, & role modeling. By planning a future for youth, this will encourage students to complete high school and will promote college attendance.

Providing high school students with the self-determination to envision a future for themselves will result in a strong leader, will build a strong family-like communities, and will build relationships that will transcend beyond college.

Participating School Districts

Spokane Public Schools | Pasco Public Schools | Cheney Public Schools
