Special Education | Sequence of Courses

Name

ID

The Sequence of Courses serves to outline the order in which courses are to be completed.

Please use this sequence to complete your final Program Plan using the online form. Contact the Education Department for: 1. Transfer course review and/or 2. Customized needs, such as sitting out a session.

Session 1 course sections are A01-A09. Session 2 course sections are A50 –A59. Most courses are offered twice per year. If you change your sequence this may result in waiting for the course to be offered which may delay your graduation. If using financial aid, please register for Session 1 and Session 2 at the same time.
