

## Participate in the Eagles Read! Summer Reading Program

Kindergarten through eighth-grade students are invited to participate in the Eagles Read! Summer Reading Program. To participate, students must read **20 minutes per day for 30 days** over the summer, recording their reading time in a journal provided by the Eastern Washington Area Health Education Center (EWAHEC).

When the journal is complete, the student must send it back to the EWAHEC by 9/1/2020 in exchange for a **certificate and free EWU Eagles hat.**
