Understanding by Design
Pre-Institute Assessment

1. What is a learning outcome?

2. What types of assessments do you use in your courses? (provide examples or categories)

3. What is your strategy/strategies for planning a course? (for example, what resources do you access? What/who do you consult?)

4. What do you want students to take away from your courses?

5. Are you familiar with Understanding by Design/Backwards Planning?

   Yes / No

   If yes, please describe what you know.
