

Hello,

I am applying to attend Eastern Washington University's GenCyber Cybersecurity Camp. The application process is competitive, and one scored element is a reference from a teacher, coach, counselor, etc. I hope that you're willing to serve as a reference for me.

Please watch for an email from "Eastern Washington University <no-reply@ewu.edu>" with the subject line "GenCyber Camp Reference Request". It will contain a link to a short web form.

Thank you,

Note:
