

**To University Staff Employees:**

Eastern Washington University provides reasonable accommodation for employees who have a qualifying disability. Reasonable accommodations may include a leave of absence or modification to a job, work environment, policy or procedure to enable a qualified individual with a disability to enjoy equal employment opportunity and/or to perform the essential functions of the position.

Please complete this form and return it to the appropriate ADA representative listed below. **You are not required to disclose to your immediate supervisor the medical basis for a requested accommodation; however written documentation from a qualified health care provider is necessary when requesting disability accommodations, unless the disability is obvious. It is the employee’s responsibility to see that his/her health care provider returns the required information to the individual/office listed below.** A medical examination may be required.

If more specific information is needed to respond to a request for accommodation, a Job Analysis for your position may be prepared. A completed copy of the Job Analysis will be shared with you and your health care provider.

Medical records are treated confidentially and are maintained separately from personnel/academic files.

If you have questions regarding accommodation, please contact the appropriate ADA Officer designated below. Also see EWU Policy 402-03 – Accommodating Persons with Disabilities.
