Definitions.

For the purposes of this title:

1. "State universities" means the University of Washington and Washington State University.
2. "Regional universities" means Western Washington University at Bellingham, Central Washington University at Ellensburg, and Eastern Washington University at Cheney.
4. "Institutions of higher education" or "postsecondary institutions" means the state universities, the regional universities, The Evergreen State College, the community colleges, and the technical colleges.
5. "Governing board" means the board of regents or the board of trustees of the institutions of higher education.

[1992 c 231 § 1; 1991 c 238 § 113; 1977 ex.s. c 169 § 1.]

NOTES:

Effective date—1992 c 231: "This act shall take effect July 1, 1992." [1992 c 231 § 35.]

Tenure or terms, rights, including property rights, not affected—1977 ex.s. c 169:
"Nothing in this 1977 amendatory act shall affect the tenure of or the terms of any officials, administrative assistants, faculty members, or other employees of any institution of higher education within this state, whether such institutions have hereinabove in this 1977 amendatory act been redesignated as regional universities or otherwise. Nothing in this 1977 amendatory act shall affect any rights, whether to property or otherwise, existing on or after the effective date of this 1977 amendatory act, the intent of the legislature being solely to redesignate as regional universities certain institutions of higher education within this state." [1977 ex.s. c 169 § 113.]

Statute and RCW designations affected—1977 ex.s. c 169: "It is the intent of the legislature that after the effective date of this 1977 amendatory act, where the names "Western Washington State College", "Central Washington State College", or "Eastern Washington State College" are used in any bill enacted by the legislature or found within the Revised Code of Washington, they shall mean "Western Washington University", "Central Washington University", and "Eastern Washington University", respectively." [1977 ex.s. c 169 § 114.]
Severability—1977 ex.s. c 169: "If any provision of this 1977 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [ 1977 ex.s. c 169 § 116.]

RCW 28B.10.017

"Eligible student" defined.

"Eligible student" means a student who (1) was enrolled in a Washington college, university, community college, or vocational-technical institute on or after August 2, 1990, and (2) is unable to complete the period of enrollment or academic term in which the student was enrolled because the student was deployed either in the Persian Gulf combat zone, as designated by the president of the United States by executive order, or in another location in support of the Persian Gulf combat zone. An eligible student is required to verify his or her inability to complete an academic term through military service records, movement orders, or a certified letter signed by the student's installation personnel officer.

[ 1991 c 164 § 1.]

RCW 28B.10.019

Electronic signatures.

(1) Institutions of higher education and state higher education agencies may use or accept secure electronic signatures for any human resource, benefits, or payroll processes that require a signature. Such signatures are valid and enforceable.

(2) The definitions in this subsection apply throughout this section.

(a) "Electronic signature" means an electronic sound, symbol, or process, attached to, or logically associated with, a contract or other record and executed or adopted by a person with the intent to sign the record.

(b) "Secure electronic signature" means an electronic signature that:

(i) Is unique to the person making the signature;

(ii) Uses a technology or process to make the signature that is under the sole control of the person making the signature;

(iii) Uses a technology or process that can identify the person using the technology or process; and

(iv) Can be linked with an electronic record in such a way that it can be used to determine whether the electronic record has been changed since the electronic signature was incorporated in, attached to, or associated with the electronic record.

NOTES:
RCW 28B.10.027

Allocation of moneys for acquisition of works of art—Expenditure by arts commission—Conditions.

*** CHANGE IN 2019 *** (SEE 1318.SL) ***

(1) All universities and colleges shall allocate as a nondeductible item, out of any moneys appropriated for the original construction or any major renovation or remodel work exceeding two hundred thousand dollars of any building, an amount of one-half of one percent of the appropriation to be expended by the Washington state arts commission with the approval of the board of regents or trustees for the acquisition of works of art.

(2) For projects funded in the 2015-2017 capital budget and the 2017-2019 capital budget, an institution of higher education, working with the Washington arts commission, may expend up to ten percent of the projected art allocation for a project during the design phase in order to select an artist and design art to be integrated in the building design. The one-half of one percent to be expended by the Washington arts commission must be adjusted downward by the amount expended by a university or college during the design phase of the capital project.

(3) The works of art may be placed on public lands of institutions of higher education, integral to or attached to a public building or structure of institutions of higher education, detached within or outside a public building or structure of institutions of higher education, part of a portable exhibition or collection, part of a temporary exhibition, or loaned or exhibited in other public facilities.

(4) In addition to the cost of the works of art, the one-half of one percent of the appropriation shall be used to provide for the administration of the visual arts program, including conservation of the state art collection, by the Washington state arts commission and all costs for installation of the work of art. For the purpose of this section building shall not include sheds, warehouses, and other buildings of a temporary nature.

[ 2018 c 2 § 7013; 2016 sp.s. c 35 § 6008; 2005 c 36 § 3; 1983 c 204 § 9.]
Independent purchasing authority—Purchase of correctional industries products.

(1)(a) An institution of higher education may, consistent with RCW 28B.10.925 and 28B.10.926, exercise independently those powers otherwise granted to the director of enterprise services in chapters 39.19 and 39.26 RCW in connection with the purchase and disposition of all material, supplies, services, and equipment needed for the support, maintenance, and use of the respective institution of higher education.

(b) Property disposition policies followed by institutions of higher education shall be consistent with policies followed by the department of enterprise services.

(c)(i) Except as provided in (c)(ii) and (iii) of this subsection and elsewhere as provided by law, purchasing policies and procedures followed by institutions of higher education shall be in compliance with chapters 39.19, 39.26, and 43.03 RCW, and RCW 43.19.1917, 43.19.685, and 43.19.560 through 43.19.637.

(ii) Institutions of higher education may use all appropriate means for making and paying for travel arrangements including, but not limited to, electronic booking and reservations, advance payment and deposits for tours, lodging, and other necessary expenses, and other travel transactions based on standard industry practices and federal accountable plan requirements. Such arrangements shall support student, faculty, staff, and other participants' travel, by groups and individuals, both domestic and international, in the most cost-effective and efficient manner possible, regardless of the source of funds.

(iii) Formal sealed, electronic, or web-based competitive bidding is not necessary for purchases or personal services contracts by institutions of higher education for less than one hundred thousand dollars. However, for purchases and personal services contracts of ten thousand dollars or more and less than one hundred thousand dollars, quotations must be secured from at least three vendors to assure establishment of a competitive price and may be obtained by telephone, electronic, or written quotations, or any combination thereof. As part of securing the three vendor quotations, institutions of higher education must invite at least one quotation each from a certified minority and a certified woman-owned vendor that otherwise qualifies to perform the work. A record of competition for all such purchases and personal services contracts of ten thousand dollars or more and less than one hundred thousand dollars must be documented for audit purposes.

(d) Purchases under chapter 39.26, 43.19, or 43.105 RCW by institutions of higher education may be made by using contracts for materials, supplies, services, or equipment negotiated or entered into by, for, or through group purchasing organizations.

(e) The community and technical colleges shall comply with RCW 43.19.450.
(f) Except for the University of Washington, institutions of higher education shall comply with RCW 43.19.769, 43.19.763, and 43.19.781.

(g) If an institution of higher education can satisfactorily demonstrate to the director of the office of financial management that the cost of compliance is greater than the value of benefits from any of the following statutes, then it shall be exempt from them: RCW 43.19.685 and 43.19.637.

(h) When any institution of higher education exercises its independent purchasing authority for a commodity or group of commodities, the director of enterprise services shall not be required to provide those services for that institution for the duration of the enterprise services contract term for that commodity or group of commodities.

(2) The council of presidents and the state board for community and technical colleges shall convene its correctional industries business development advisory committee, and work collaboratively with correctional industries, to:

(a) Reaffirm purchasing criteria and ensure that quality, service, and timely delivery result in the best value for expenditure of state dollars;

(b) Update the approved list of correctional industries products from which higher education shall purchase; and

(c) Develop recommendations on ways to continue to build correctional industries' business with institutions of higher education.

(3) Higher education and correctional industries shall develop a plan to build higher education business with correctional industries to increase higher education purchases of correctional industries products, based upon the criteria established in subsection (2) of this section. The plan shall include the correctional industries' production and sales goals for higher education and an approved list of products from which higher education institutions shall purchase, based on the criteria established in subsection (2) of this section. Higher education and correctional industries shall report to the legislature regarding the plan and its implementation no later than January 30, 2005.

(4)(a) Institutions of higher education shall set as a target to contract, beginning not later than June 30, 2006, to purchase one percent of the total goods and services required by the institutions each year produced or provided in whole or in part from class II inmate work programs operated by the department of corrections. Institutions of higher education shall set as a target to contract, beginning not later than June 30, 2008, to purchase two percent of the total goods and services required by the institutions each year produced or provided in whole or in part from class II inmate work programs operated by the department of corrections.

(b) Institutions of higher education shall endeavor to assure the department of corrections has notifications of bid opportunities with the goal of meeting or exceeding the purchasing target in (a) of this subsection.

Check cashing privileges.

(1) Any institution of higher education may, at its option and after the approval by governing boards, accept in exchange for cash a payroll check, expense check, financial aid check, or personal check from a student or employee of that institution of higher education in accordance with the following conditions:

(a) The check shall be drawn to the order of cash or bearer and be immediately payable by a drawee financial institution;

(b) The person presenting the check to the institution of higher education shall produce identification that he or she is currently enrolled or employed at the institution of higher education; and

(c) The payroll check, expense check, or financial aid check shall have been issued by the institution of higher education.

(2) In the event that any personal check cashed under this section is dishonored by the drawee financial institution when presented for payment, the institution of higher education, after giving notice of the dishonor to the student or employee and providing an opportunity for a brief adjudicative proceeding, may:

(a) In the case of a student, place a hold on the student's enrollment and transcript records until payment in full of the value of the dishonored check and reasonable collection fees and costs;

(b) In the case of an employee, withhold from the next payroll check or expense check the full amount of the dishonored check plus a collection fee. In the case that the employee no longer is employed by the institution of higher education at time of dishonor, then the institution of higher education may pursue other legal collection efforts that are to be paid by the drawer or endorser of the dishonored check along with the full value of the check.

Alternative route teacher certification programs—Plans for partnering with school districts for teacher placement.

*** CHANGE IN 2019 *** (SEE 1139-S2.SL) ***

(1) By July 1, 2018, each institution of higher education with a professional educator standards board-approved alternative route teacher certification program must develop a plan describing how the institution of higher education will partner with school districts in the general geographic region of the school, or where its programs are offered, regarding placement of resident teachers. The plans must be developed in collaboration with school districts desiring to partner with the institutions of higher education, and may include use of unexpended federal or state funds to support residencies and mentoring for students who are likely to continue teaching in the district in which they have a supervised student teaching residency.

(2) The plans required under subsection (1) of this section must be updated at least biennially.

RCW 28B.10.037
Student expression in school-sponsored media.

(1) Students at institutions of higher education have the right to exercise freedom of speech and of the press in school-sponsored media, whether or not the media are supported financially by the school or by use of school facilities, or are produced in conjunction with a class. All school-sponsored media produced primarily by students at an institution of higher education are public forums for expression by the student journalists and student editors at the particular institution. Student media, whether school-sponsored or nonschool sponsored, are not subject to mandatory prior review by school officials.

(2) Student editors of school-sponsored media are responsible for determining the news, opinion, feature, and advertising content of the media. This subsection does not prevent a student media adviser from teaching professional standards of English and journalism to the student journalists. A student media adviser may not be terminated, transferred, removed, or otherwise disciplined for refusing to suppress the protected free expression rights of student journalists.

(3) Nothing in this section may be interpreted to authorize expression by students that:
   (a) Is libelous or slanderous;
   (b) Constitutes an unwarranted invasion of privacy;
   (c) Violates the federal communications act or any rule or regulation of the federal communications commission; or
(d) So incites students as to create a clear and present danger of:
   (i) The commission of unlawful acts on school premises;
   (ii) The violation of lawful school regulations, policies, or procedures; or
   (iii) The material and substantial disruption of the orderly operation of the school. A school official must base a forecast of material and substantial disruption on specific facts, including past experience in the school and current events influencing student behavior, and not on undifferentiated fear or apprehension.

(4) Any student enrolled in an institution of higher education may commence a civil action to obtain appropriate injunctive and declaratory relief as determined by a court for a violation of subsection (1) of this section by the institution of higher education. Upon a motion, a court may award reasonable attorneys’ fees to a prevailing plaintiff in a civil action brought under this section.

(5) Expression made by students in school-sponsored media is not the expression of school policy. Neither a school official nor the governing board of any institution of higher education may be held responsible in any civil or criminal action for any expression made or published by students in school-sponsored media unless school officials or the governing board have interfered with or altered the content of the student expression.

(6) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "School-sponsored media" means any matter that is prepared, substantially written, published, or broadcast by student journalists, that is distributed or generally made available, either free of charge or for a fee, to members of the student body, and that is prepared under the direction of a student media adviser. "School-sponsored media" does not include media that is intended for distribution or transmission solely in the classrooms in which they are produced.

(b) "Student journalist" means a student who gathers, compiles, writes, edits, photographs, records, or prepares information for dissemination in school-sponsored media.

(c) "Student media adviser" means a person who is employed, appointed, or designated by the school to supervise, or provide instruction relating to, school-sponsored media.

International baccalaureate and Cambridge international exams credit policies.

*** CHANGE IN 2019 *** (SEE 5410-S.SL) ***

(1) The institutions of higher education must establish coordinated evidence-based policies for granting as many undergraduate college credits as possible and appropriate for general education requirements or the equivalent to students who have successfully completed international baccalaureate (IB) or Cambridge international courses and demonstrated mastery of college-level curriculum, as shown by the students' examination scores or grades for those programs. The institutions shall take into account the evidence for student success and the relevance of the IB or Cambridge international curriculum and test scores or grades in consideration of granting college credit or waiving course
requirements, with appropriate consideration of the institutions' degree distribution requirements or curriculum for specific degree programs. Policies may consider, for example:

(a) Whether a four on a standard-level or higher-level IB examination and whether a grade of E on a Cambridge international examination indicates that the student has mastered college-level coursework for which undergraduate college credits may be granted; and

(b) What test score or grade for specific subjects indicates if graduation distribution requirements or prerequisite courses may be waived, while preserving the integrity of the institutions' faculty process for determining degree and major curriculum requirements.

(2) The credit policies regarding IB and Cambridge international examinations must be posted on campus web sites effective for the fall 2018 academic term. The institutions of higher education must conduct biennial reviews of their IB and Cambridge international credit policies and report noncompliance to the appropriate committees of the legislature by November 1st of each year, beginning November 1, 2020.

[2018 c 124 § 2.]

NOTES:

Finding—Intent—2018 c 124: "The legislature finds that international baccalaureate and Cambridge international coursework prepares students for postsecondary success and provides opportunities for them to earn college credit or secure placement in advanced courses.

Therefore, the legislature intends to establish a policy for granting as many undergraduate course credits as possible to students who have successfully completed international baccalaureate and Cambridge international exams and clearly communicate credit awarding policies and course equivalencies to students. This policy is intended to be similar to the credit policy adopted during the 2017 legislative session for AP examinations. The goal of the policy is to award course credit in all appropriate instances and maximize the number of college students given college credit for international baccalaureate exam scores and Cambridge international exam grades." Postsecondary credit for high school coursework—Master list of qualifying courses and qualifying examination scores—Dissemination of information.

(1) By December 1, 2011, and by June of each odd-numbered year thereafter, the institutions of higher education shall collaboratively develop a master list of postsecondary courses that can be fulfilled by taking the advanced placement, international baccalaureate, or other recognized college-level proficiency examinations, including but not limited to examinations by a national multidisciplinary science, technology, engineering, and mathematics program, and meeting the qualifying examination score or demonstrated competencies for lower division general education requirements or postsecondary professional technical requirements. The master list of postsecondary courses fulfilled by proficiency examinations or demonstrated competencies are those that fulfill lower division general education requirements or career and technical education requirements and qualify for postsecondary credit. From the master list, each institution shall create and publish a list of its courses that can be satisfied by successful proficiency examination scores or demonstrated competencies for lower division general education requirements or postsecondary professional technical requirements. The qualifying examination scores and demonstrated competencies shall be included in the published list. (2) Credit policy regarding all AP exams must be posted on campus web sites effective for the 2017 fall academic term. The institutions of higher education must conduct biennial reviews of their AP credit policy and report noncompliance to the appropriate committees of the legislature by November 1st each year beginning November 1, 2019.
Findings—Intent—2017 c 179: "The legislature finds that advanced placement coursework prepares students for postsecondary success and provides opportunities for them to earn college credit or secure placement in advanced courses. The legislature further finds that eighty-four thousand eight hundred sixty-six students took an AP exam in Washington state in 2015. The legislature further finds that six thousand six hundred sixty-seven of those students were underrepresented minority students and nine thousand four hundred seventy-one were low-income students. The legislature further finds that of the students that took an AP exam in Washington state in 2015, fifty-one thousand seven hundred twenty-five scored a three, four, or five.

Therefore, the legislature intends to establish a policy for granting as many undergraduate course credits as possible to students who have earned a minimum score of three on their AP exams and clearly communicate credit awarding policies and course equivalencies to students. The goal of the policy is to award course credit in all appropriate instances and maximize the number of college students given college credit for AP exam scores of three or higher." Academic credit for military training.

(1) Before December 31, 2015, each institution of higher education must adopt a policy to award academic credit for military training applicable to the student’s certificate or degree requirements. The policy shall apply to any individual who is enrolled in the institution of higher education and who has successfully completed a military training course or program as part of his or her military service that is:

(a) Recommended for credit by a national higher education association that provides credit recommendations for military training courses and programs;

(b) Included in the individual’s military transcript issued by any branch of the armed services; or

(c) Other documented military training or experience.

(2) Each institution of higher education must develop a procedure for receiving the necessary documentation to identify and verify the military training course or program that an individual is claiming for academic credit.

(3) Each institution of higher education must provide a copy of its policy for awarding academic credit for military training to any applicant who listed prior or present military service in his or her application. Each institution of higher education must develop and maintain a list of military training courses and programs that have qualified for academic credit.

(4) Each institution of higher education must submit its policy for awarding academic credit for military training to the prior learning assessment work group convened pursuant to RCW 28B.77.230.

(1) State universities, regional universities, and The Evergreen State College may develop accelerated baccalaureate degree programs that will allow academically qualified students to obtain a baccalaureate degree in three years without attending summer classes or enrolling in more than a full-time class load during the regular academic year. The programs must allow academically qualified students to begin coursework within their academic field during their first term or semester of enrollment.

Findings—Intent—2011 c 108: "The legislature finds that some students are eager to complete a degree in the shortest time possible in order to enter the job market. The legislature further finds that providing a streamlined path to a baccalaureate degree would shorten the time required for students to complete a degree, improve the graduation rate, and improve accessibility for students who have proven academic abilities. The legislature intends to provide an accelerated baccalaureate degree program that will allow academically qualified students to obtain baccalaureate degrees in three years. The legislature finds that this streamlined path does not represent a new three-year standard for all students. The legislature intends to provide greater options to students, while not diminishing the quality or value of a standard baccalaureate degree. Rights of Washington national guard and other military reserve students called to service.

1. A member of the Washington national guard or any other military reserve component who is a student at an institution of higher education and who is ordered for a period exceeding thirty days to either active state service, as defined in RCW 38.04.010, or to federal active military service has the following rights:

   a. With regard to courses in which the person is enrolled, the person may:
   
   i. Withdraw from one or more courses for which tuition and fees have been paid that are attributable to the courses. The tuition and fees must be credited to the person's account at the institution. Any refunds are subject to the requirements of the state or federal financial aid programs of origination. In such a case, the student shall not receive credit for the courses and shall not receive a failing grade, an incomplete, or other negative annotation on the student's record, and the student's grade point average shall not be altered or affected in any manner because of action under this item;
   
   ii. Be given a grade of incomplete and be allowed to complete the course upon release from active duty under the institution's standard practice for completion of incompletes; or
   
   iii. Continue and complete the course for full credit. Class sessions the student misses due to performance of state or federal active military service must be counted as excused absences and must not be used in any way to adversely impact the student's grade or standing in the class. Any student who selects this option is not, however, automatically excused from completing assignments due during the period the student is performing state or federal active military service. A letter grade or a grade of pass must only be awarded if, in the opinion of the faculty member teaching the course, the student has completed sufficient work and has demonstrated sufficient progress toward meeting course requirements to justify the grade;

   b. To receive a refund of amounts paid for room, board, and fees attributable to the time period during which the student was serving in state or federal active military service and did not use the facilities or services for which the amounts were paid. Any refund of room, board, and fees is subject to the requirements of the state or federal financial aid programs of origination; and

   c. If the student chooses to withdraw, the student has the right to be readmitted and enrolled as a student at the institution, without penalty or redetermination of admission eligibility, within one year following release from the state or federal active military service.

2. A member of the Washington national guard or any other military reserve or guard component who is a student at an institution of higher education and who is ordered for a period of thirty days or less to either active or inactive state or federal service and as a result of that service or follow-up medical treatment for injury incurred during that service misses any class, test, examination, laboratory, or class day on which a written or oral assignment is due, or other event upon which a course grade or evaluation is based, is entitled to make up the class, test, examination, laboratory, presentation, or event without prejudice to the final course grade or evaluation. The makeup must be scheduled after the member's return from service and after a reasonable time for the student to prepare for the test, examination, laboratory, presentation, or event.

   a. Class sessions a student misses due to performance of state or federal active or inactive military service must be counted as excused absences and may not be used in any way to adversely impact the student's grade or standing in class.
(c) If the faculty member teaching the course determines that the student has completed sufficient work and has demonstrated sufficient progress toward meeting course requirements to justify the grade without making up the class, test, examination, presentation, or other event, the grade may be awarded without the makeup, but the missed class, test, examination, laboratory, class day, presentation, or other event must not be used in any way to adversely impact the student's grade or standing in the class.

(3) The protections in this section may be invoked as follows:
   (a) The person, or an appropriate officer from the military organization in which the person will be serving, must give written notice that the person is being, or has been, ordered to qualifying service; and
   (b) Upon written request from the institution, the person shall provide written verification of service.

(4) This section provides minimum protections for students. Nothing in this section prevents institutions of higher education from providing additional options or protections to students who are ordered to state or federal active military service.

NOTES:

Finding—Intent—2017 c 154: "The legislature finds and declares that students pursuing higher education benefit from periodic notification about the balance of their student education loan debt. This notification helps students and their families make informed borrowing decisions about how to finance their postsecondary education and be more prepared for repayment when leaving school. The legislature recognizes the steps many higher education institutions in Washington have already taken to provide financial education and information to their students. The legislature encourages schools to
Postsecondary institution financial aid disbursement by third party.

(1) For purposes of this section and RCW 28B.77.270, "postsecondary institution" means the institutions of higher education as defined in RCW 28B.10.016 and any degree-granting institution, for-profit institution, or for-profit vocational institute, operating in the state and offering instruction and training beyond the high school level for gainful employment in a recognized profession.

(2) A postsecondary institution that disburses a student's federal or state financial aid balance by means other than directly depositing the student's balance into the student's existing account or issuing a check directly from the postsecondary institution must comply with the requirements of this section.

(3) The postsecondary institution must:
   (a) Provide the student, in a readily noticeable way and a reasonably understandable format, a summary of the key features associated with the debit card, access device, or financial account associated with the student's financial aid disbursement and the commonly assessed fees that the student may incur, such as surcharges if a student uses an automated teller machine that is not affiliated with the third-party servicer or financial institution issuing the disbursement. The notice may be provided by a link to a public web site;
   (b) Provide the student with information on the location of every surcharge-free automated teller machine located on campus that the student may use to access the student's financial aid disbursement funds without incurring a fee and whether the machines are accessible twenty-four hours a day;
   (c) Provide the student with full disclosure of the contract the postsecondary institution has entered into with a third-party servicer or financial institution in the disbursement of student financial aid balances. The disclosure may be provided by a link to a public web site;
   (d) Provide easily understandable and prominent notice to the student of the student's rights as a consumer and notice of a complaint process for students to file complaints with the postsecondary institution if the student is being charged excessive fees or is unable to access his or her funds without incurring fees;
   (e) Develop and maintain a complaint resolution process to be used by students who have complaints regarding the timeliness of the student's financial aid disbursement or fees charged related to the disbursement. The process must include procedures for students to have the student achievement council review unresolved complaints; and
   (f) Comply with the rules or requirements for participation in the state financial aid programs adopted by the student achievement council, as authorized under RCW 28B.77.270.

(4) The federal laws and regulations that apply to the disbursement of federal financial aid using third-party servicers or financial institutions also applies to the disbursement of state financial aid using third-party servicers or financial institutions.

(5) Nothing in this section requires a postsecondary institution to duplicate notices or disclosures or provide additional notices or disclosures on federal financial aid that would otherwise be required under federal law.
NOTES:

Finding—Intent—2018 c 13: "(1) In the last few years, there has been an increase in the number of postsecondary institutions entering into agreements with financial account providers to disburse students' federal financial aid. Disbursement of financial aid often is made using access cards, such as debit cards or prepaid cards, that have fees associated with the use of those cards. Recent reports from the federal government and consumer groups have documented troubling practices used by some financial account providers, such as providers prioritizing disbursements to their own affiliated accounts over the student's preexisting bank accounts, providers and schools giving students the impression that signing up for the financial provider's card account is required to receive financial aid, and students being charged unavoidable fees to access their funds. The federal government adopted regulations in 2015 to address these issues. The legislature intends for sections 2 and 3 of this act to be compatible with federal rules.

(2) The legislature finds that although the federal regulations provide some protection for students, Washington's postsecondary institutions must ensure that students are treated fairly and that one hundred percent of state financial aid awards be available to students for purposes for which aid is granted, rather than for fees or other costs incurred by the student to access their aid awards. The legislature intends to strengthen protections for students by requiring that postsecondary institutions give students full disclosure and notice, comply with all federal and state rules and regulations, and operate their student financial aid disbursements in a manner where students bear none of the financial weight of accessing their own funds and are not discouraged from having funds disbursed to them in the manner that provides the greatest ease of access. The legislature intends to extend similar protections required under federal rules for federal financial aid to the disbursement of state financial aid." [2018 c 13 § 1.]

Construction work, remodeling, or demolition—Public bid—Exemption—Waiver—Prevailing rate of wage—Universities and The Evergreen State College.
(1) When the cost to The Evergreen State College or any regional or state university of any building, construction, renovation, remodeling, or demolition, other than maintenance or repairs, will equal or exceed the sum of ninety thousand dollars, or forty-five thousand dollars if the work involves one trade or craft area, complete plans and specifications for the work shall be prepared, the work shall be put out for public bid, and the contract shall be awarded to the responsible bidder who submits the lowest responsive bid.

(2) Any building, construction, renovation, remodeling, or demolition project that exceeds the dollar amounts in subsection (1) of this section is subject to the provisions of chapter 39.12 RCW.

(3) The Evergreen State College or any regional or state university may require a project to be put to public bid even when it is not required to do so under subsection (1) of this section. Any project publicly bid under this subsection is subject to the provisions of chapter 39.12 RCW.

(4) Where the estimated cost of any building, construction, renovation, remodeling, or demolition is less than ninety thousand dollars or the contract is awarded by the small works roster procedure authorized in RCW 39.04.155, the publication requirements of RCW 39.04.020 do not apply.

(5) In the event of any emergency when the public interest or property of The Evergreen State College or a regional or state university would suffer material injury or damage by delay, the president of such college or university may declare the existence of an emergency and, reciting the facts constituting the same, may waive the requirements of this section with reference to any contract in order to correct the condition causing the emergency. For the purposes of this section, "emergency" means a condition likely to result in immediate physical injury to persons or to property of the college or university in the absence of prompt remedial action or a condition which immediately impairs the institution's ability to perform its educational obligations.

(6) This section does not apply when a contract is awarded by the small works roster procedure authorized in RCW 39.04.155 or under any other procedure authorized for an institution of higher education.

Annuities and retirement income plans—Authorized.

(1) The boards of regents of the state universities, the boards of trustees of the regional universities and of The Evergreen State College, the state board for community and technical colleges, and the student achievement council are authorized and empowered:

(a) To assist the faculties and such other employees exempt from civil service pursuant to RCW 41.06.070 (1)(z) and (2) as any such board may designate in the purchase of old age annuities or retirement income plans under such rules as any such board may prescribe, subject to the restrictions in subsection (2) of this section. County agricultural agents, home demonstration agents, 4-H club agents, and assistant county agricultural agents paid jointly by the Washington State University and the several counties shall be deemed to be full-time employees of the Washington State University for the purposes of this section;

(b) To provide, under such rules as any such board may prescribe for the faculty members or other employees exempt from civil service pursuant to RCW 41.06.070 (1)(z) and (2) under its supervision, for the retirement of any such faculty member or other exempt employee on account of age or condition of health, retirement on account of age to be not earlier than the sixty-fifth birthday: PROVIDED, That such faculty member or such other exempt employee may elect to retire at the earliest age specified for retirement by federal social security law: PROVIDED FURTHER, That any supplemental payment authorized by (c) of this subsection and paid as a result of retirement earlier than age sixty-five shall be at an actuarially reduced rate; and shall be provided only to those persons who participate in an annuity or retirement income plan under (a) of this subsection prior to July 1, 2011;

(c) To pay only to those persons who participate in an annuity or retirement income plan under (a) of this subsection prior to July 1, 2011, or to his or her designated beneficiary(s), each year after his or her retirement, a supplemental amount which, when added to the amount of such annuity or retirement income plan, or retirement income benefit pursuant to RCW 28B.10.415, received by the retired person
or the retired person’s designated beneficiary(s) in such year, will not exceed fifty percent of the average annual salary paid to such retired person for his or her highest two consecutive years of full-time service under an annuity or retirement income plan established pursuant to (a) of this subsection at an institution of higher education: PROVIDED, HOWEVER, That if such retired person prior to retirement elected a supplemental payment survivors option, any such supplemental payments to such retired person or the retired person’s designated beneficiary(s) shall be at actuarially reduced rates: PROVIDED FURTHER, That if a faculty member or other employee of an institution of higher education who is a participant in a retirement plan authorized by this section dies, or has died before retirement but after becoming eligible for retirement on account of age, the designated beneficiary(s) shall be entitled to receive the supplemental payment authorized by this subsection to which such designated beneficiary(s) would have been entitled had said deceased faculty member or other employee retired on the date of death after electing a supplemental payment survivors option: PROVIDED FURTHER, That for the purpose of this subsection, the designated beneficiary(s) shall be (i) the surviving spouse of the retiree; or, (ii) with the written consent of such spouse, if any, such other person or persons as shall have an insurable interest in the retiree’s life and shall have been nominated by written designation duly executed and filed with the retiree’s institution of higher education.

(2) Boards are prohibited from offering a purchased annuity or retirement income plan authorized under this section to employees hired on or after July 1, 2011, who have retired or are eligible to retire from a public employees’ retirement system described in RCW 41.50.030. The student achievement council shall only offer participation in a purchased annuity or retirement income plan authorized under this section to employees who have previously contributed premiums to a similar qualified plan.

(3) During the 2011 legislative interim, the select committee on pension policy shall evaluate the suitability and necessity of the annuity and retirement plans authorized under this chapter for employees in various positions within higher education institutions. The select committee shall report its findings, including any recommendations for restrictions on future plan membership, to the ways and means committees of the house of representatives and the senate no later than December 31, 2011.

Intent—2011 1st sp.s. c 47: “The legislature intends that the retirement and annuity programs of the state’s institutions of higher education be revised for future participants to reflect changes that have already occurred in state pension plans. The legislature intends also that newly hired employees who are eligible for participation in an annuity or retirement income plan offered by a higher education institution have an opportunity to participate in either (1) that plan without a supplemental benefit under RCW 28B.10.400(1)(c), or (2) the public employees’ retirement system plan 3 or the teachers’ retirement system plan 3. Plan 3 provides a combination of defined contribution and defined benefit pension, which will be available for newly hired employees. Further, the legislature intends that effective July 1, 2011, state funding for annuity or retirement income plans under RCW 28B.10.400 will not exceed six percent of salary. The legislature also intends to reduce the expanded postretirement employment provisions for members of the public employees’ retirement system plan 1 and the teachers’ retirement system plan 1 that were temporarily expanded due to the shortage of qualified workers in particular teaching and public employment categories, and eliminate postretirement employment
exceptions that existed for annuity or retirement income plan-covered positions that have been the subject of abuse." [2011 1st sp.s. c 47 § 1.]

Effective dates—2011 1st sp.s. c 47: "Except for sections 10 and 19 of this act which take effect January 1, 2012, this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2011." RCW 28B.10.401

Assumptions to be applied when establishing supplemental payment under RCW 28B.10.400(3).

The boards of regents of the state universities, the boards of trustees of the state colleges, and the *state board for community college education, when establishing the amount of supplemental payment under **RCW 28B.10.400(3) as now or hereafter amended, shall apply the following assumptions:

(1) That the faculty member or such other employee at the time of retirement elected a joint and two-thirds survivor option on their annuity or retirement income plan using actual ages, but not exceeding a five-year age difference if married, or an actuarial equivalent option if single, which represents accumulations including all dividends from all matching contributions and any benefit that such faculty member is eligible to receive from any Washington state public retirement plan while employed at an institution of higher education;
(2) That on and after July 1, 1974, matching contributions were allocated equally between a fixed dollar and a variable dollar annuity;
(3) That for each year after age fifty, the maximum amount of contributions pursuant to RCW 28B.10.410 as now or hereafter amended be contributed toward the purchase of such annuity or retirement income plan, otherwise three-fourths of the formula described in RCW 28B.10.415, as now or hereafter amended, shall be applied.

Annuities and retirement income plans—Credit for authorized leaves of absence without pay.

(1) A faculty member or other employee designated by the boards of regents of the state universities, the boards of trustees of the regional universities and The Evergreen State College, or the state board for community college education who is granted an authorized leave of absence without pay may apply the period of time while on the leave in the computation of benefits in any annuity and retirement plan authorized under RCW 28B.10.400 through 28B.10.430 only to the extent provided in subsection (2) of this section.

(2) An employee who is eligible under subsection (1) of this section may receive a maximum of two years’ credit during the employee's entire working career for periods of authorized leave without pay. Such credit may be obtained only if the employee pays both the employer and employee contributions required under RCW 28B.10.405 and 28B.10.410 while on the authorized leave of absence and if the employee returns to employment with the university or college immediately following the leave of absence for a period of not less than two years. The employee and employer contributions shall be based on the average of the employee's compensation at the time the leave of absence was authorized and the time the employee resumes employment. Any benefit under *RCW 28B.10.400(3) shall be based only on the employee's compensation earned from employment with the university or college.

An employee who is inducted into the armed forces of the United States shall be deemed to be on an unpaid, authorized leave of absence.

RCW 28B.10.417

Annuities and retirement income plans—Rights and duties of faculty or employees with Washington state teachers' retirement system credit—Regional universities and The Evergreen State College.

(1) This section applies only to those persons who are first employed by a higher education institution in a position eligible for participation in an annuity or retirement program under RCW 28B.10.400 prior to July 1, 2011.

(2) A faculty member or other employee exempt from civil service pursuant to RCW 41.06.070 (1)(z) and (2) designated by the board of trustees of the applicable regional university or of The Evergreen State College as being subject to an annuity or retirement income plan and who, at the time of such designation, is a member of the Washington state teachers' retirement system, shall retain credit for
such service in the Washington state teachers' retirement system and, except as provided in subsection (3) of this section, shall leave his or her accumulated contributions in the teachers' retirement fund. Upon his or her attaining eligibility for retirement under the Washington state teachers' retirement system, such faculty member or other employee shall receive from the Washington state teachers' retirement system a retirement allowance consisting of an annuity which shall be the actuarial equivalent of his or her accumulated contributions at his or her age when becoming eligible for such retirement and a pension for each year of creditable service established and retained at the time of said designation as provided in RCW 41.32.497. Anyone who on July 1, 1967, was receiving pension payments from the teachers' retirement system based on thirty-five years of creditable service shall thereafter receive a pension based on the total years of creditable service established with the retirement system: PROVIDED, HOWEVER, That any such faculty member or other employee exempt from civil service pursuant to RCW 41.06.070 (1)(z) and (2) who, upon attainment of eligibility for retirement under the Washington state teachers' retirement system, is still engaged in public educational employment, shall not be eligible to receive benefits under the Washington state teachers' retirement system until he or she ceases such public educational employment. Any retired faculty member or other employee who enters service in any public educational institution shall cease to receive pension payments while engaged in such service: PROVIDED FURTHER, That such service may be rendered up to seventy-five days in a school year without reduction of pension.

(3) A faculty member or other exempt employee designated by the board of trustees of the applicable regional university or of The Evergreen State College as being subject to the annuity and retirement income plan and who, at the time of such designation, is a member of the Washington state teachers' retirement system may, at his or her election and at any time, on and after midnight June 10, 1959, terminate his or her membership in the Washington state teachers' retirement system and withdraw his or her accumulated contributions and interest in the teachers' retirement fund upon written application to the board of trustees of the Washington state teachers' retirement system. Faculty members or other employees who withdraw their accumulated contributions, on and after the date of withdrawal of contributions, shall no longer be members of the Washington state teachers' retirement system and shall forfeit all rights of membership, including pension benefits, theretofore acquired under the Washington state teachers' retirement system.

Annuities and retirement income plans—Retirement at age seventy—Reemployment, conditions when.

(1) Except as provided otherwise in subsection (2) of this section, faculty members or other employees designated by the boards of regents of the state universities, the boards of trustees of the
regional universities or of The Evergreen State College, or the *state board for community college education pursuant to RCW 28B.10.400 through 28B.10.420 as now or hereafter amended shall be retired from their employment with their institutions of higher education not later than the end of the academic year next following their seventieth birthday.

(2) As provided in this subsection, the board of regents of a state university, the board of trustees of a regional university or The Evergreen State College, or the *state board for community college education may reemploy any person who is "retired" pursuant to subsection (1) of this section, who applies for reemployment and who has reached seventy years of age on or after July 1, 1970. The following provisions shall govern such reemployment:

(a) Prior to the reemployment, the board of regents, board of trustees, or state board shall have found that the person possesses outstanding qualifications which in the judgment of the board would permit the person to continue valuable service to the institution.

(b) The period of reemployment shall not be counted as service under, or result in any eligibility for benefits or increased benefits under, any state authorized or supported annuity or retirement income plan. Reemployment shall not result in the reemployed person or employer making any contributions to any such plan.

(c) No person may be reemployed on a full time basis if such person is receiving benefits under any state authorized or supported annuity or retirement income plan. The reemployment of any person on a full time basis shall be immediately terminated upon the person's obtaining of any such benefits.

(d) A person may be reemployed on a part time basis and receive or continue to receive any benefits for which such person is eligible under any state authorized or supported annuity or retirement income plan. Such part time work, however, shall not exceed forty percent of full time employment during any year.

(e) A person reemployed pursuant to this section shall comply with all conditions of reemployment and all rules providing for the administration of this subsection which are prescribed or adopted by the board of regents, or board of trustees, or by the *state board for community college education.

RCW 28B.10.423

Annuities and retirement income plans—Limit on retirement income—Adjustment of rates—Limitation of state funding—Actuarial valuation of supplemental benefit plans—Higher education retirement plan supplemental benefit fund.

(1) For employees who are first employed by an institution of higher education in a position eligible for participation in an old age annuities or retirement income plan under this chapter prior to July 1, 2011, it is the intent of RCW 28B.10.400, 28B.10.405, 28B.10.410, 28B.10.415, 28B.10.420, and 28B.10.423 that the retirement income resulting from the contributions described herein from the state of Washington and the employee shall be projected actuarially so that it shall not exceed sixty percent of the average of the highest two consecutive years salary. Periodic review of the retirement systems established pursuant to RCW 28B.10.400, 28B.10.405, 28B.10.410, 28B.10.415, 28B.10.420, and 28B.10.423 will be undertaken at such time and in such manner as determined by the committees on ways and means of the senate and of the house of representatives, the select committee on pension policy, and the pension funding council, and joint contribution rates will be adjusted if necessary to accomplish this intent.

(2) Beginning July 1, 2011, state funding for annuity or retirement income plans under RCW 28B.10.400 shall not exceed six percent of salary. The state board for community and technical colleges and the student achievement council are exempt from the provisions of this subsection (2).

(3) By June 30, 2013, and every two years thereafter, each institution of higher education that is responsible for payment of supplemental amounts under RCW 28B.10.400(1)(c) shall contract with the state actuary under chapter 41.44 RCW for an actuarial valuation of their supplemental benefit plan. By June 30, 2013, and at least once every six years thereafter, each institution shall also contract with the state actuary under chapter 41.44 RCW for an actuarial experience study of the mortality, service, compensation, and other experience of the annuity or retirement income plans created in this chapter, and into the financial condition of each system. At the discretion of the state actuary, the valuation or experience study may be performed by the state actuary or by an outside actuarial firm under contract to the office of the state actuary. Each institution of higher education is required to provide the data and information required for the performance of the valuation or experience study to the office of the state actuary or to the actuary performing the study on behalf of the state actuary. The state actuary may charge each institution for the actual cost of the valuation or experience study through an interagency agreement. Upon completion of the valuation or experience study, the state actuary shall provide copies of the study to the institution of higher education and to the select committee on pension policy and the pension funding council.

(4)(a) A higher education retirement plan supplemental benefit fund is created in the custody of the state treasurer for the purpose of funding future benefit obligations of higher education retirement plan supplemental benefits. The state investment board has the full power to invest, reinvest, manage, contract, sell, or exchange investment money in the fund.

(b) From January 1, 2012, through June 30, 2013, an employer contribution rate of one-quarter of one percent of salary is established to begin prefunding the unfunded future obligations of the supplemental benefit established in RCW 28B.10.400.

(c) Beginning July 1, 2013, an employer contribution rate of one-half of one percent of salary is established to prefund the unfunded future obligations of the supplemental benefit established in RCW 28B.10.400.

(d) Consistent with chapter 41.50 RCW, the department of retirement systems shall collect the employer contribution rates established in this section from each state institution of higher education, and deposit those contributions into the higher education retirement plan supplemental benefit fund. The contributions made by each employer into the higher education retirement plan supplemental benefit fund and the earnings on those contributions shall be accounted for separately within the fund.
(e) Following the completion and review of the initial actuarial valuations and experience study conducted pursuant to subsection (3) of this section, the pension funding council may:

(i) Adopt and make changes to the employer contribution rates established in this subsection consistent with the procedures established in chapter 41.45 RCW. If the actuarial valuations of the higher education retirement plans of each institution contributing to the higher education retirement plan supplemental benefit fund suggest that different contribution rates are appropriate for each institution, different rates may be adopted. Rates adopted by the pension funding council are subject to revision by the legislature;

(ii) Recommend legislation that will, upon accumulation of sufficient funding in the higher education retirement plan supplemental benefit fund, transfer the responsibility for making supplemental benefit payments to the department of retirement systems, and adjust employer contribution rates to reflect the transfer of responsibility.

Annuities and retirement income plans—Minimum monthly benefit—Computation.

(1) This section applies only to those persons who are first employed by an institution of higher education in a position eligible for participation in an old age annuities or retirement income plan under this chapter prior to July 1, 2011.
(2) For any person receiving a monthly benefit pursuant to a program established under RCW 28B.10.400, the pension portion of such benefit shall be the sum of the following amounts:

(a) One-half of the monthly benefit payable under such program by a life insurance company; and
(b) The monthly equivalent of the supplemental benefit described in RCW 28B.10.400(1)(c).

(3) Notwithstanding any provision of law to the contrary, effective July 1, 1979, no person receiving a monthly benefit pursuant to RCW 28B.10.400 shall receive, as the pension portion of that benefit, less than ten dollars per month for each year of service creditable to the person whose service is the basis of the benefit. Portions of a year shall be treated as fractions of a year and the decimal equivalent shall be multiplied by ten dollars. Where the benefit was adjusted at the time benefit payments to the beneficiary commenced, the minimum pension provided in this section shall be adjusted in a manner consistent with that adjustment.

(4) Notwithstanding any provision of law to the contrary, effective July 1, 1979, the monthly benefit of each person who commenced receiving a monthly benefit under this chapter as of a date no later than July 1, 1974, shall be permanently increased by a post-retirement adjustment. Such adjustment shall be calculated as follows:

(a) Monthly benefits to which this subsection and subsection (3) of this section are both applicable shall be determined by first applying subsection (3) of this section and then applying this subsection. The institution shall determine the total years of creditable service and the total dollar benefit base accrued as of December 31, 1978, except that this determination shall take into account only those persons to whom this subsection applies;

(b) The institution shall multiply the total benefits determined in (a) of this subsection by six percent and divide the dollar value thus determined by the total service determined in (a) of this subsection. The resultant figure shall then be a post-retirement increase factor which shall be applied as specified in (c) of this subsection;

(c) Each person to whom this subsection applies shall receive an increase which is the product of the factor determined in (b) of this subsection multiplied by the years of creditable service.

Police forces for universities and The Evergreen State College—Powers.

The members of a police force established under authority of RCW 28B.10.550, when appointed and duly sworn:

(1) Shall be peace officers of the state and have such police powers as are vested in sheriffs and peace officers generally under the laws of this state; and

(2) May exercise such powers upon state lands devoted mainly to the educational or research activities of the institution to which they were appointed; and

(3) Shall have power to pursue and arrest beyond the limits of such state lands, if necessary, all or any violators of the rules or regulations herein provided for.

Police forces for universities and The Evergreen State College—Establishment of traffic regulations—Adjudication of parking infractions—Appeal.

(1) The boards of regents of the state universities, and the boards of trustees of the regional universities and of The Evergreen State College, acting independently and each on behalf of its own institution, may each:

(a) Establish and promulgate rules and regulations governing pedestrian traffic and vehicular traffic and parking upon lands and facilities of the university or college;

(b) Adjudicate matters involving parking infractions internally; and

(c) Collect and retain any penalties so imposed.

(2) If the rules or regulations promulgated under subsection (1) of this section provide for internal adjudication of parking infractions, a person charged with a parking infraction who deems himself or herself aggrieved by the final decision in an internal adjudication may, within ten days after written notice of the final decision, appeal by filing a written notice thereof with the college or university police force. Documents relating to the appeal shall immediately be forwarded to the district court in the county in which the offense was committed, which court shall have jurisdiction over such offense and such appeal shall be heard de novo.

Student housing—Liquor prohibited, areas—Complaints regarding liquor and illegal drug use—Policies, procedures, sanctions.

(1) Each public institution of higher education shall notify all students applying for college or university-owned student housing of the availability of housing in an area in which all liquor use is prohibited.

(2) Each public institution of higher education, upon request, shall provide students access to student housing on a residence hall floor, designated area, or in a building where liquor use is prohibited.

(3) Each public institution shall have in place, and distribute to students in college or university-owned student housing, a process for reporting violations and complaints of liquor and illegal drug use.

(4) Each public institution shall have in place, distribute to students, and vigorously enforce policies and procedures for investigating complaints regarding liquor and illegal drug use in college or university-owned student housing, including the sanctions that may be applied for violations of the institution's liquor and illegal drug use policies.

(5) Students who violate the institution's liquor and illegal drug use policies are subject to disciplinary action. Sanctions that may be applied for violations of the institution's liquor or illegal drug use policies include warnings, restitution for property damage, probation, expulsion from college or university-owned housing, and suspension from the institution.

(6) As used in this section:
   (a) "Liquor" has the meaning in RCW 66.04.010; and
   (b) "Illegal drug use" refers to the unlawful use of controlled substances under chapter 69.50 RCW or legend drugs under chapter 69.41 RCW.

[ 1996 c 17 § 2.]

NOTES:

Policy—1996 c 17: "The state makes a substantial investment of finances and resources in students who are attending state institutions of higher education. In exchange, students are expected to actively pursue their education and contribute to an academic environment that is conducive to learning. Students who abuse liquor and drugs, however, are unable to make full use of this educational opportunity. More important, students who abuse liquor and drugs create an environment that interferes with the ability of other students to pursue their education. This is especially true in university-owned student housing where liquor and drug abuse contribute to noise, vandalism, theft, and violence. While the universities and colleges may not be able to stop all liquor and drug abuse among student populations, the very least they can do is ensure that the vast majority of students without drug or liquor problems are provided with a living environment that is safe and conducive to the pursuit of higher education." RCW 28B.10.580

Term papers, theses, dissertations, sale of prohibited—Legislative findings—Purpose.

(1) The legislature finds that commercial operations selling term papers, theses, and dissertations encourages academic dishonesty, and in so doing impairs the public confidence in the credibility of institutions of higher education whether in this state or any other to function within their prime mission, that of providing a quality education to the citizens of this or any other state.

(2) The legislature further finds that this problem, beyond the ability of these institutions to control effectively, is a matter of state concern, while at the same time recognizing the need for and the existence of legitimate research functions.

It is the declared intent of RCW 28B.10.580 through 28B.10.584, therefore, that the state of Washington prohibit the preparation for sale or commercial sale of term papers, theses and dissertations: PROVIDED, That such legislation shall not affect legitimate and proper research activities: PROVIDED FURTHER, That such legislation does not impinge on the rights, under the First Amendment, of freedom of speech, of the press, and of distributing information.

Term papers, theses, dissertations, sale of prohibited—Definitions.

Unless the context clearly indicates otherwise, the words used in RCW 28B.10.580 through 28B.10.584 shall have the meaning given in this section:

(1) "Person" means any individual, partnership, corporation, or association.

(2) "Assignment" means any specific written, recorded, pictorial, artistic, or other academic task, including but not limited to term papers, theses, dissertations, essays, and reports, that is intended for submission to any postsecondary institution in fulfillment of the requirements of a degree, diploma, certificate, or course of study at any such educational institution.

(3) "Prepare" means to create, write, or in any way produce in whole or substantial part a term paper, thesis, dissertation, essay, report, or other assignment for a monetary fee.

(4) "Postsecondary institution" means any university, college, or other postsecondary educational institution.

[1981 c 23 § 2; 1979 c 43 § 2.]
NOTES:

RCW 28B.10.584

Term papers, theses, dissertations, sale of prohibited—Violations enumerated—Exempted acts—Civil penalties—Injunctive relief.

(1) No person shall prepare, offer to prepare, cause to be prepared, sell, or offer for sale to any other person, including any student enrolled in a postsecondary institution, any assignment knowing, or under the circumstances having reason to know, that said assignment is intended for submission either in whole or substantial part under a student's name in fulfillment of the requirements for a degree, diploma, certificate, or course of study at any postsecondary institution.

(2) No person shall sell or offer for sale to any student enrolled in a postsecondary institution any assistance in the preparation, research or writing of an assignment knowing or under the circumstances having reason to know, that said assignment is intended for submission either in whole or substantial part under said student's name to such educational institution in fulfillment of the requirements for a degree, diploma, certificate, or course of study.

(3) Nothing contained in this section shall prevent any person from providing tutorial assistance, research material, information, or other assistance to persons enrolled in a postsecondary institution which is not intended for submission in whole or in substantial part as an assignment under the student's name to such institution. Nor shall any person be prevented by this section from rendering services for a monetary fee which includes typing, assembling, transcription, reproduction, or editing of a manuscript or other assignment: PROVIDED, That such services are not rendered with the intent of making substantive changes in a manuscript or other assignment.

(4) Any person violating any provision of RCW 28B.10.580, 28B.10.582 or 28B.10.584 shall be subject to civil penalties of not more than one thousand dollars for each violation. Any court of competent jurisdiction is hereby authorized to grant such further relief as is necessary to enforce the provisions of this section, including the issuance of an injunction.

(5) Any person against whom a judgment has been entered pursuant to subsection (4) of this section, shall upon any subsequent violation of RCW 28B.10.580, 28B.10.582 or 28B.10.584 be subject to civil penalties not to exceed ten thousand dollars. Any court of competent jurisdiction is hereby authorized to grant such further relief as is necessary to enforce the provisions of this section, including the issuance of an injunction.

(6) Actions for injunction under the provisions of this section may be brought in the name of the state of Washington upon the complaint of the attorney general or any prosecuting attorney in the name of the state of Washington.

Course materials—Cost savings.

(1) The boards of regents of the state universities, the boards of trustees of the regional universities and The Evergreen State College, and the boards of trustees of each community and technical college district, in collaboration with affiliated bookstores and student and faculty representatives, shall adopt rules requiring that:

(a) Affiliated bookstores:
   (i) Provide students the option of purchasing materials that are unbundled when possible, disclose to faculty and staff the costs to students of purchasing materials, and disclose publicly how new editions vary from previous editions;
   (ii) Actively promote and publicize book buy-back programs;
   (iii) Disclose retail costs for course materials on a per course basis to faculty and staff and make this information publicly available; and
   (iv) Disclose information to students on required course materials including but not limited to title, authors, edition, price, and International Standard Book Number (ISBN) at least four weeks before the start of the class for which the materials are required. The chief academic officer may waive the disclosure requirement provided in this subsection (1)(a)(iv), on a case-by-case basis, if students may reasonably expect that nearly all information regarding course materials is available four weeks before the start of the class for which the materials are required. The requirement provided in this subsection (1)(a)(iv) does not apply if the faculty member using the course materials is hired four weeks or less before the start of class; and

(b) Faculty and staff members consider the least costly practices in assigning course materials, such as adopting the least expensive edition available, adopting free, open textbooks when available, and working with college librarians to put together collections of free online web and library resources, when educational content is comparable as determined by the faculty.

(2) As used in this section:

(a) "Materials" means any supplies or texts required or recommended by faculty or staff for a given course.

(b) "Bundled" means a group of objects joined together by packaging or required to be purchased as an indivisible unit.

[ 2009 c 241 § 1; 2007 c 457 § 1; 2006 c 81 § 2.]

NOTES:

Findings—Intent—2006 c 81: "The legislature finds that:
(1) Often the bundling of texts, workbooks, CD-ROMs, and other course related materials is unnecessary since many students do not use all of the materials included and may realize cost savings if materials are also offered independently one from the other; and
(2) Many faculty and staff select materials uninformed of the retail costs and differences between versions.

It is the intent of the legislature to give students more choices for purchasing educational materials and to encourage faculty and staff to work closely with bookstores and publishers to implement the least costly option without sacrificing educational content and to provide maximum cost savings to students." College textbook information—Publishers' duties.

(1) Each publisher of college textbooks shall make immediately available to faculty of institutions of higher education:
   (a) The price at which the publisher would make the products available to the store run by or in a contractual relationship with the institution of higher education that would offer the products to students; and
   (b) The history of revisions for the products, if any.

(2) For the purposes of this section:
   (a) "Immediately available" means with any marketing materials presented to a member of the faculty.
   (b) "Products" means all versions of a textbook or set of textbooks, except custom textbooks or special editions of textbooks, available in the subject area for which a faculty member is teaching a course, including supplemental items, both when sold together or separately from a textbook.

Credit card marketing policies.

(1)(a) Subject to subsection (2) of this section, institutions of higher education shall develop policies regarding the marketing or merchandising of credit cards on institutional property to students, except as provided in newspapers, magazines, or similar publications or within any location of a financial services business regularly doing business on the institution's property.

(b) "Merchandising" means the offering of free merchandise or incentives to students as part of the credit card marketing effort.

(c) "Student" means any student enrolled for one or more credit hours at an institution of higher education.

(2) Institutions of higher education shall each develop official credit card marketing policies. The process of development of these policies must include consideration of student comments. The official credit card marketing policies must, at a minimum, include consideration of and decisions regarding:

(a) The registration of credit card marketers;

(b) Limitations on the times and locations of credit card marketing; and

(c) Prohibitions on material inducements to complete a credit card application unless the student has been provided credit card debt education literature, which includes, but is not limited to, brochures of written or electronic information.

(3)(a) The policies shall include the following elements: A requirement for credit card marketers to inform students about good credit management practices through programs developed in concert with the institution of higher education; and

(b) A requirement to make the official credit card marketing policy available to all students upon their request.

Commercialization of research and other economic development and workforce development opportunities.

(1) It is the intent of the legislature that state universities engage in the commercialization of research and other economic development and workforce development activities that benefit the intermediate and long-term economic vitality of Washington. State universities are expected to develop and strengthen university-industry relationships through the conduct of research, the support of company formation and job generation, and collaborative training. The state universities, using a collaborative process that may include both in-house resources and independent contractors with necessary technical expertise or innovative processes, must perform one or more of the following functions:

(a) Provide collaborative research and technology transfer opportunities;
(b) Publicize their commercialization processes and include an explanation of how to access commercialization resources at the universities;
(c) Develop mechanisms for pairing researchers, entrepreneurs, and investors. Such mechanisms are to include, but are not limited to, developing guides, web sites, or workshops on funding opportunities, on entrepreneurship and the process of starting a company, and on university-industry relations;

(d) Host events to connect researchers to entrepreneurs, investors, and individuals from the state's technology-based industries; and

(e) Provide opportunities for training undergraduate and graduate students through direct involvement in research and industry interactions.

(2) In carrying out the functions in this section, the universities may work with and through the *higher education coordinating board.

**Student associations to contract for certain purchases, concessions, printing, etc. —Procedure.**

The associated students of the University of Washington, the associated students of Washington State University, the student associations of the state community colleges and the student associations of the regional universities and of The Evergreen State College shall contract for all purchases for printing of athletic programs, athletic tickets, athletic press brochures, yearbooks, magazines, newspapers, and letting of concessions, exceeding one thousand dollars, notice of call for bid on the same to be published in at least two newspapers of general circulation in the county wherein the institution is located two weeks prior to the award being made. The contract shall be awarded to the lowest responsible bidder, if the price bid is fair and reasonable and not greater than the market value and price, and if the bid satisfactorily covers the quality, design, performance, convenience and reliability of service of the manufacturer and/or dealer. The aforesaid student associations may require such security as they deem proper to accompany the bids submitted, and they shall also fix the amount of the bond or other security that shall be furnished by the person to whom the contract is awarded. Such student associations may reject any or all bids submitted, if for any reason it is deemed for the best interest of their organizations to do so and readvertise in accordance with the provisions of this section.
The student associations may reject the bid of any person who has had a prior contract, and who did not, in its opinion, faithfully comply with its terms: PROVIDED, That nothing in this section shall apply to printing done or presses owned and operated by the associated students of the University of Washington, the associated students of Washington State University or the student associations of the regional universities or of The Evergreen State College or community colleges, or to printing done on presses owned or operated by their respective institutions.

Employees—Peer review committees—Members’ immunity—Proceedings—Statement of reasons—Legal representation of members.

(1) Employees, agents, or students of institutions of higher education serving on peer review committees which recommend or decide on appointment, reappointment, tenure, promotion, merit raises, dismissal, or other disciplinary measures for employees of the institution, are immune from civil actions for damages arising from the good faith performance of their duties as members of the committees. Individuals who provide written or oral statements in support of or against a person reviewed are also immune from civil actions if their statements are made in good faith.

(2) Peer review proceedings shall be pursuant to rules and regulations promulgated by the respective institutions of higher education.

(3) Upon the request of an evaluated person, the appropriate administrative officer of the institution shall provide a statement of the reasons of the peer review committees and of participating administrative officers for a final unfavorable decision on merit, promotion, tenure or reappointment. In the case of a disciplinary or dismissal proceeding, a statement of reasons shall be provided by the reviewing committee to the evaluated person for any decision unfavorable to such person.

(4) The institutions of higher education shall provide legal representation for any past or current members of the peer review committee and for individuals who testify orally or in writing in good faith before such committee in any legal action which may arise from committee proceedings.

Remunerated professional leaves for faculty members of institutions of higher education.

It is the intent of the legislature that when the state and regional universities, The Evergreen State College, and community and technical colleges grant professional leaves to faculty and exempt staff, such leaves be for the purpose of providing opportunities for study, research, and creative activities for the enhancement of the institution's instructional and research programs.

The boards of regents of the state universities, the boards of trustees of the regional universities and of The Evergreen State College and the board of trustees of each community or technical college district may grant remunerated professional leaves to faculty members and exempt staff, as defined in RCW 41.06.070, in accordance with regulations adopted by the respective governing boards for periods not to exceed twelve consecutive months in accordance with the following provisions:

(1) The remuneration from state general funds and general local funds for any such leave granted for any academic year shall not exceed the average of the highest quartile of a rank order of salaries of all full time teaching faculty holding academic year contracts or appointments at the institution or in the district.

(2) Remunerated professional leaves for a period of more or less than an academic year shall be compensated at rates not to exceed a proportional amount of the average salary as otherwise calculated for the purposes of subsection (1) of this section.

(3) The grant of any such professional leave shall be contingent upon a signed contractual agreement between the respective governing board and the recipient providing that the recipient shall return to the granting institution or district following his or her completion of such leave and serve in a professional status for a period commensurate with the amount of leave so granted. Failure to comply with the provisions of such signed agreement shall constitute an obligation of the recipient to repay to the institution any remuneration received from the institution during the leave.

(4) The aggregate cost of remunerated professional leaves awarded at the institution or district during any year, including the cost of replacement personnel, shall not exceed the cost of salaries which otherwise would have been paid to personnel on leaves: PROVIDED, That for community or technical college districts the aggregate cost shall not exceed one hundred fifty percent of the cost of salaries which would have otherwise been paid to personnel on leaves: PROVIDED FURTHER, That this subsection shall not apply to any community or technical college district with fewer than seventy-five full time faculty members and granting fewer than three individuals such leaves in any given year.

(5) The average number of annual remunerated professional leaves awarded at any such institution or district shall not exceed four percent of the total number of full time equivalent faculty, as defined by the office of financial management, who are engaged in instruction, and exempt staff as defined in RCW 41.06.070.

(6) Negotiated agreements made in accordance with chapter 28B.52 RCW and entered into after July 1, 1977, shall be in conformance with the provisions of this section.

(7) The respective institutions and districts shall maintain such information which will ensure compliance with the provisions of this section.

Insitation or protection—Premiums—Health benefits for graduate student appointees—Students participating in studies or research outside the United States.

(1) The governing boards of any of the state's institutions of higher education may make available liability, life, health, health care, accident, disability and salary protection or insurance or any one of, or a combination of, the enumerated types of insurance, or any other type of insurance or protection, for the regents or trustees and students of the institution. Except as provided in subsections (2) and (3) of this section, the premiums due on such protection or insurance shall be borne by the assenting regents, trustees, or students. The regents or trustees of any of the state institutions of higher education may make liability insurance available for employees of the institutions. The premiums due on such liability insurance shall be borne by the university or college.

(2) A governing board of a public four-year institution of higher education may make available, and pay the costs of, health benefits for graduate students holding graduate service appointments, designated as such by the institution. Such health benefits may provide coverage for spouses and dependents of such graduate student appointees.

(3) A governing board of a state institution of higher education may require its students who participate in studies or research outside of the United States sponsored, arranged, or approved by the institution to purchase, as a condition of participation, insurance approved by the governing board, that will provide coverage for expenses arising from emergency evacuation, repatriation of remains, injury, illness, or death sustained while participating in the study or research abroad. The governing board of the institution may bear all or part of the costs of the insurance. A student shall not be required to purchase insurance if the student is covered under an insurance policy that will provide coverage for expenses arising from emergency evacuation, repatriation of remains, injury, illness, or death sustained while participating in the study or research abroad.

**Precollege coursework—Findings—Intent.**

The legislature finds that some college students who have recently graduated from high school must immediately enroll in one or more precollege classes before they can proceed successfully through college. The legislature also finds that these students should have received basic skills in English, reading, spelling, grammar, and mathematics before graduating from high school. It is the intent of the legislature that colleges and universities provide information to school districts about recent graduates who enroll in precollege classes. It is also the intent of the legislature to encourage institutions of higher education and the common schools to work together to solve problems of common concern.

**Precollege coursework—Enrollment information—Report.**

Beginning in 1997, by September 30th of each year, each state university, regional university, state college, and, for community colleges and technical colleges, the state board for community and technical colleges shall provide a report to the office of the superintendent of public instruction, the state
board of education, and the commission on student learning under *RCW 28A.630.885. The report shall contain the following information on students who, within three years of graduating from a Washington high school, enrolled the prior year in a state-supported precollege level class at the institution: (1) The number of such students enrolled in a precollege level class in mathematics, reading, grammar, spelling, writing, or English; (2) the types of precollege classes in which each student was enrolled; and (3) the name of the Washington high school from which each student graduated.

For students who enrolled in a precollege class within three years of graduating from a Washington high school, each institution of higher education shall also report to the Washington high school from which the student graduated. The annual report shall include information on the number of students from that high school enrolled in precollege classes, and the types of classes taken by the students.

Graduation rate improvement—Findings.

The legislature finds that, in public colleges and universities, improvement is needed in graduation rates and in the length of time required for students to attain their educational objectives. The legislature also finds that public colleges and universities should offer classes in a way that will permit full-time students to complete a degree or certificate program in about the amount of time described in the institution's catalog as necessary to complete that degree or certificate program.

Graduation rate improvement—Strategic plans—Adoption of strategies.

(1) By May 15, 1994, each state institution of higher education, as part of its strategic plan, shall adopt strategies designed to shorten the time required for students to complete a degree or certificate and to improve the graduation rate for all students.

(2) Beginning with the fall 1995-96 academic term, each institution of higher education as defined in RCW 28B.10.016 shall implement the strategies described in subsection (1) of this section.

RCW 28B.10.693

Graduation rate improvement—Student progression understandings.

Each institution of higher education as defined in RCW 28B.10.016 may enter into a student progression understanding with an interested student. The terms of the understanding shall permit a student to obtain a degree or certificate within the standard period of time assumed for a full-time student pursuing that degree or certificate. Usually, the standard amount of time will be about two years for an associate of arts degree and about four years for a baccalaureate degree. Student progression understandings shall not give rise to any cause of action on behalf of any student as a result of the failure of any state institution of higher education to fulfill its obligations under the student progression understanding.

Timely completion of degree and certificate programs—Adoption of policies.

(1) Each four-year institution of higher education and the state board for community and technical colleges shall develop policies that ensure undergraduate students enrolled in degree or certificate programs complete their programs in a timely manner in order to make the most efficient use of instructional resources and provide capacity within the institution for additional students.

(2) Policies adopted under this section shall address, but not be limited to, undergraduate students in the following circumstances:

(a) Students who accumulate more than one hundred twenty-five percent of the number of credits required to complete their respective baccalaureate or associate degree or certificate programs;

(b) Students who drop more than twenty-five percent of their course load before the grading period for the quarter or semester, which prevents efficient use of instructional resources; and

(c) Students who remain on academic probation for more than one quarter or semester.

(3) Policies adopted under this section may include assessment by the institution of a surcharge in addition to regular tuition and fees to be paid by a student for continued enrollment.

[ 2003 c 407 § 1.]
Transfer students' credit—List of academic courses equivalent to one year of general education credit—One-year academic completion certificate—Arts and sciences degrees for students entering with junior status—Publication of recommended courses by academic major for transfer students.

(1) A graduate of a community or technical college in this state who has earned a transferable associate of arts or sciences degree when admitted to a four-year institution of higher education shall have junior standing. A graduate who has earned the direct transfer associate of arts degree will be deemed to have met the lower division general education requirements of the receiving four-year institution of higher education. A graduate who has earned the associate of science transfer degree will be deemed to have met most requirements that prepare the graduate for baccalaureate degree majors in science, technology, engineering, and math and will be required to complete only such additional lower division, general education courses at the receiving four-year institutions of higher education as would have been required to complete the direct transfer associate of arts degree.

(2) A student who has earned the equivalent of ninety quarter credit hours and has completed the general education requirements at that four-year institution of higher education in Washington when admitted to another four-year institution of higher education shall have junior standing and shall be deemed to have met the lower division general education requirements of the institution to which the student transfers.

(3) The community and technical colleges, jointly with the four-year institutions of higher education, must develop a list of academic courses that are equivalent to one-year's worth of general education credit and that would transfer for that purpose to any other two or four-year institution of higher education. If a student completes one-year's worth of general education credits, the student may be issued a one-year academic completion certificate. This certificate shall be accepted at any transferring two or four-year institution of higher education.

(4) Each institution of higher education must develop a minimum of one degree within the arts and sciences disciplines that can be completed within the equivalent of ninety quarter upper-division credits by any student who enters an institution of higher education with junior status and lower division general education requirements completed.

(5) Each four-year institution of higher education must publish a list of recommended courses for each academic major designed to help students who are planning to transfer design their course of study. Publication of the list of courses must be easily identified and accessible on the institution's web site.

(6) The requirements to publish a list of recommended courses for each academic major under this section does not apply if an institution does not require courses or majors to meet specific requirements but generally applies credits earned towards degree requirements.

Budget calculation—Enrollment levels—Participation rate.

It is the policy of the state of Washington that the essential requirements level budget calculation for institutions of higher education include enrollment levels necessary to maintain, by educational sector, the participation rate funded in the 1993 fiscal year. The participation rate shall be based on the state's estimated population ages seventeen and above by appropriate age groups.

[ 1993 sp.s. c 15 § 2.]

NOTES:

Findings—1993 sp.s. c 15: "The legislature finds that the proportion of the state budget dedicated to postsecondary educational programs has decreased for two decades. At the same time, major technological, economic, and demographic changes have exacerbated the need for improved training and education to maintain a high quality, competitive workforce, and a well-educated populace to meet the challenges of the twenty-first century. Therefore, the legislature finds that there is increasing need for postsecondary educational opportunities for citizens of the state of Washington.

The legislature declares that the policy of the state of Washington shall be to improve the access to, and the quality of, this state's postsecondary educational system. The budgetary policy of the state of Washington shall be to provide a level of protection and commitment to the state's postsecondary educational system commensurate with the responsibility of this state to the educational and professional improvement of its citizens and workforce." Budget calculation—Increased enrollment target level—Availability of information.

It is the policy of the state of Washington that higher education enrollments be increased in increments each biennium in order to achieve, by the year 2010, the goals, by educational sector, adopted by the *higher education coordinating board in its enrollment plan entitled "Design for the 21st Century: Expanding Higher Education Opportunities in Washington," or subsequent revisions adopted by the board.
Per student costs for additional students to achieve this policy shall be at the same rate per student as enrollments mandated in RCW 28B.10.776.

For each public college and university, and for the community and technical college system, budget documents generated by the governor and the legislature in the development and consideration of the biennial omnibus appropriations act shall display an enrollment target level. The enrollment target level is the biennial state-funded enrollment increase necessary to fulfill the state policy set forth in this section. The budget documents shall compare the enrollment target level with the state-funded enrollment increases contained in the biennial budget proposals of the governor and each house of the legislature. The information required by this section shall be set forth in the budget documents so that enrollment and cost information concerning the number of students and additional funds needed to reach the enrollment goals are prominently displayed and easily understood.

For the governor’s budget request, the information required by this section shall be made available in the document entitled “Operating Budget Supporting Data” or its successor document.

It is the policy of the state of Washington that financial need not be a barrier to participation in higher education. It is also the policy of the state of Washington that the essential requirements level budget calculation include funding for state student financial aid programs. The calculation should, at a minimum, include a funding level equal to the amount provided in the second year of the previous biennium in the omnibus appropriations act, adjusted for the percentage of needy resident students, by educational sector, likely to be included in any enrollment increases necessary to maintain, by educational sector, the participation rate funded in the 1993 fiscal year. The calculation should also be adjusted to reflect, by educational sector, any increases in cost of attendance. The cost of attendance figures should be calculated by the office of financial management and provided to the appropriate legislative committees by June 30th of each even-numbered year.

Open educational resources grant pilot program. *(Expires June 30, 2022.)*

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Campus coordinator" means a designated facilitator to promote, assist, and support the creation of open educational resources by establishing and coordinating training seminars, creating workshops, helping faculty and staff identify available resources and funding, and cataloging and evaluating open educational resources used or created by an institution of higher education's faculty.

(b) "Open educational resources" means freely accessible, openly licensed educational textbooks, documents, materials, and media that reside in the public domain for free use and repurposing for the intention of teaching, learning, assessing, and researching.

(2)(a) Subject to availability of amounts appropriated for this specific purpose, the student achievement council shall administer the open educational resources grant pilot program for the four-year institutions of higher education. A grant received under the pilot program must be used for either (a) (i) or (ii) of this subsection, or both:

(i) Create a designated campus coordinator who will be the campus lead and centralized contact regarding open educational resources; or

(ii) Support faculty to adopt and modify, or create new, open educational resources for the purpose of reducing students' cost of attendance. Grant dollars may not be used to duplicate open educational resources that are already free and publicly available.

(b) The student achievement council shall develop an application form for the grant, a process for reviewing and selecting grant applicants, a process for awarding grant funding, and a process for the grant awardee to report back to the student achievement council on the use of the grant. The student achievement council shall prioritize applications that estimate the highest cost reduction to students, whether it be on an individual basis or across a field of study or the institution.

(c) The student achievement council shall determine how many grants may be awarded based on the funding received for the pilot program.

(d) In addition to the grant program, the student achievement council shall conduct outreach to other states and higher education agencies to identify whether there is interest in establishing a multistate open educational resources network to facilitate and establish a platform for peer review, coordinating, and sharing of open educational resources.

(e) The student achievement council shall report to the appropriate committees of the legislature in accordance with the reporting requirements in RCW 43.01.036 by December 1, 2019, on the open educational resources grant pilot program and on the outreach conducted regarding a multistate open educational resources network. The report must include information on the number of grant applications received, the number of grants awarded, and an evaluation of how the grants were used to expand the use of open educational resources. In addition, the report must include how the student achievement council conducted outreach to other states on the concept of a multistate open educational resources network and the feedback from those states.

(3) By December 1, 2019, the Washington state institute for public policy shall conduct a study on the cost of textbooks and course materials and the use of open educational resources at four-year institutions of higher education across the state and submit a report to the appropriate committees of the legislature in accordance with RCW 43.01.036. The institute shall conduct outreach to relevant stakeholders, including representatives of the publishing community, prior to drafting their final report. To the extent data are available, the study should address:

(a) The types of and average cost per student for required textbooks and course materials, including digital access codes and bundled items, in the state, at each four-year institution of higher
education, and in specific degree programs;
(b) The use of open educational resources at four-year institutions of higher education and in
specific degree programs or courses, or both; and
(c) Any other information regarding textbooks, course materials, or best practices in the
development and dissemination of open educational resources that the Washington state institute for
public policy deems relevant.

(4) This section expires June 30, 2022.

The board of regents and the board of trustees of each of the state's institutions of higher education and governing body of an educational board are authorized to purchase insurance to protect and hold personally harmless any regent, trustee, officer, employee, or agent of their respective institution, any member of an educational board, its officers, employees or agents, from any action,

REPORT OF CHILD ABUSE OR NEGLECT—REPORTING RESPONSIBILITIES

(1)(a) All employees of institutions of higher education, not considered academic or athletic department employees, who have reasonable cause to believe a child has suffered abuse or neglect, must report such abuse or neglect immediately to the appropriate administrator or supervisor, as designated by the institution. The administrator or supervisor to whom the report was made, if not already a mandatory reporter under RCW 26.44.030, must report the abuse or neglect within forty-eight hours to a mandatory reporter designated by the institution for this purpose.

(b) For purposes of this section, "child" has the same meaning as in RCW 26.44.020(2).

(c) For purposes of this section, "abuse or neglect" has the same meaning as in RCW 26.44.020(1).

(2) Institutions of higher education must ensure that the employees covered by the provisions of RCW 26.44.030 and subsection (1)(a) of this section have knowledge of their reporting responsibilities through whatever means are most likely to succeed in providing this information to affected employees.

G. ROBERT ROSS DISTINGUISHED FACULTY AWARD

The G. Robert Ross distinguished faculty award is hereby established. The board of trustees at Western Washington University shall establish the guidelines for the selection of the recipients of the G. Robert Ross distinguished faculty award. The board shall establish a local endowment fund for the deposit of all state funds appropriated for this purpose and any private donations. The board shall administer the endowment fund and the award. The principal of the invested endowment fund shall not be invaded and the proceeds from the endowment fund may be used to supplement the salary of the holder of the award, to pay salaries of his or her assistants, and to pay expenses associated with the holder's scholarly work.
**Finding**—1988 c 125 § 2: "The legislature finds that G. Robert Ross, immediate past president of Western Washington University, was an exemplary university president who helped lead his school to a position of increasing excellence and national prominence. Dr. Ross was a convincing spokesperson for excellence in all areas of education and was a leader who strongly encouraged the faculty and staff at Western Washington University to be actively involved in the pursuit of scholarly activities.

The legislature wishes to honor the public spirit, dedication, integrity, perseverance, inspiration, and accomplishments of Western Washington University faculty through the creation of the G. Robert Ross Distinguished Faculty Award." [1988 c 125 § 1.]

"Hazing" defined.

As used in RCW 28B.10.901 and 28B.10.902, "hazing" includes any method of initiation into a student organization or living group, or any pastime or amusement engaged in with respect to such an organization or living group that causes, or is likely to cause, bodily danger or physical harm, or serious mental or emotional harm, to any student or other person attending a public or private institution of higher education or other postsecondary educational institution in this state. "Hazing" does not include customary athletic events or other similar contests or competitions.

[1993 c 514 § 1.]
**Hazing prohibited—Penalty.**

(1) No student, or other person in attendance at any public or private institution of higher education, or any other postsecondary educational institution, may conspire to engage in hazing or participate in hazing of another.

(2) A violation of this section is a misdemeanor, punishable as provided under RCW 9A.20.021.

(3) Any organization, association, or student living group that knowingly permits hazing is strictly liable for harm caused to persons or property resulting from hazing. If the organization, association, or student living group is a corporation whether for profit or nonprofit, the individual directors of the corporation may be held individually liable for damages.

[ 1993 c 514 § 2.]

**RCW 28B.10.902**

**Participating in or permitting hazing—Loss of state-funded grants or awards—Loss of official recognition or control—Rules.**

(1) A person who participates in the hazing of another shall forfeit any entitlement to state-funded grants, scholarships, or awards for a period of time determined by the institution of higher education.

(2) Any organization, association, or student living group that knowingly permits hazing to be conducted by its members or by others subject to its direction or control shall be deprived of any official recognition or approval granted by a public institution of higher education.

(3) The public institutions of higher education shall adopt rules to implement this section.

[ 1993 c 514 § 3.]

**RCW 28B.10.903**

**Conduct associated with initiation into group or pastime or amusement with group—Sanctions adopted by rule.**

Institutions of higher education shall adopt rules providing sanctions for conduct associated with initiation into a student organization or living group, or any pastime or amusement engaged in with respect to an organization or living group not amounting to a violation of RCW 28B.10.900. Conduct covered by this section may include embarrassment, ridicule, sleep deprivation, verbal abuse, or personal humiliation.

[ 1993 c 514 § 4.]

**RCW 28B.10.910**

**Students with disabilities—Core services.**

Each student with one or more disabilities is entitled to receive a core service only if the service is reasonably needed to accommodate the student's disabilities. The requesting student shall make a
reasonable request for core services in a timely manner and the institution of higher education or agency providing the service shall respond reasonably and in a timely manner.

[1994 c 105 § 2.]

NOTES:

Intent—1994 c 105: "It is a fundamental aspiration of the people of Washington that individuals be afforded the opportunity to compete academically. Accordingly, it is an appropriate act of state government, in furtherance of this aspiration, to make available appropriate support services to those individuals who are able to attend college by virtue of their potential and desire, but whose educational progress and success is hampered by a lack of accommodation.

Furthermore, under existing federal and state laws, institutions of higher education are obligated to provide services to students with disabilities. The legislature does not intend to confer any new or expanded rights, however, the intent of this act is to provide a clearer, more succinct statement of those rights than is presently available and put Washington on record as supporting those rights.

It is the intent of the legislature that these services be provided within the bounds of the law. Therefore, the institution of higher education's obligations to provide reasonable accommodations are limited by the defenses provided in federal and state statutes, such as undue financial burden and undue hardship." [1994 c 105 § 1.]

RCW 28B.10.912

Students with disabilities—Core services described—Notice of nondiscrimination.

Each institution of higher education shall ensure that students with disabilities are reasonably accommodated within that institution. The institution of higher education shall provide students with disabilities with the appropriate core service or services necessary to ensure equal access. Core services shall include, but not be limited to:

1. Flexible procedures in the admissions process that use a holistic review of the student's potential, including appropriate consideration in statewide and institutional alternative admissions programs;
2. Early registration or priority registration;
3. Sign language, oral and tactile interpreter services, or other technological alternatives;
4. Textbooks and other educational materials in alternative media, including, but not limited to, large print, braille, electronic format, and audiotape;
5. Provision of readers, notetakers, scribes, and proofreaders including recruitment, training, and coordination;
6. Ongoing review and coordination of efforts to improve campus accessibility, including but not limited to, all aspects of barrier-free design, signage, high-contrast identification of hazards of mobility barriers, maintenance of access during construction, snow and ice clearance, and adequate disability parking for all facilities;
7. Facilitation of physical access including, but not limited to, relocating of classes, activities, and services to accessible facilities and orientation if route of travel needs change, such as at the beginning of a quarter or semester;
8. Access to adaptive equipment including, but not limited to, TDDs, FM communicators, closed caption devices, amplified telephone receivers, closed circuit televisions, low-vision reading aids,
player/recorders for 15/16 4-track tapes, photocopy machines able to use eleven-by-seventeen inch paper, brailling devices, and computer enhancements;

(9) Referral to appropriate on-campus and off-campus resources, services, and agencies;

(10) Release of syllabi, study guides, and other appropriate instructor-produced materials in advance of general distribution, and access beyond the regular classroom session to slides, films, overheads and other media and taping of lectures;

(11) Accessibility for students with disabilities to tutoring, mentoring, peer counseling, and academic advising that are available on campus;

(12) Flexibility in test taking arrangements;

(13) Referral to the appropriate entity for diagnostic assessment and documentation of the disability;

(14) Flexibility in timelines for completion of courses, certification, and degree requirements;

(15) Flexibility in credits required to be taken to satisfy institutional eligibility for financial aid; and

(16) Notification of the institution of higher education's policy of nondiscrimination on the basis of disability and of steps the student may take if he or she believes discrimination has taken place. This notice shall be included in all formal correspondence that communicates decisions or policies adversely affecting the student's status or rights with the institution of higher education. This notice shall include the phone numbers of the United States department of education, the United States office of civil rights, and the Washington state human rights commission.

RCW 28B.10.916

Supplemental instructional materials for students with print access disability.
(1) An individual, firm, partnership or corporation that publishes or manufactures instructional materials for students attending any public or private institution of higher education in the state of Washington shall provide to the public or private institution of higher education, for use by students attending the institution, any instructional material in an electronic format mutually agreed upon by the publisher or manufacturer and the public or private institution of higher education. Computer files or electronic versions of printed instructional materials shall be provided; video materials must be captioned or accompanied by transcriptions of spoken text; and audio materials must be accompanied by transcriptions. These supplemental materials shall be provided to the public or private institution of higher education at no additional cost and in a timely manner, upon receipt of a written request as provided in subsection (2) of this section.

(2) A written request for supplemental materials must:
(a) Certify that a student with a print access disability attending or registered to attend a public or participating private institution of higher education has purchased the instructional material or the public or private institution of higher education has purchased the instructional material for use by a student with a print access disability;
(b) Certify that the student has a print access disability that substantially prevents him or her from using standard instructional materials;
(c) Certify that the instructional material is for use by the student in connection with a course in which he or she is registered or enrolled at the public or private institution of higher education; and
(d) Be signed by the coordinator of services for students with disabilities at the public or private institution of higher education or by the college or campus official responsible for monitoring compliance with the Americans with disabilities act of 1990 (42 U.S.C. 12101 et seq.) at the public or private institution of higher education.

(3) An individual, firm, partnership or corporation specified in subsection (1) of this section may also require that, in addition to the requirements in subsection (2) of this section, the request include a statement signed by the student agreeing to both of the following:
(a) He or she will use the instructional material provided in specialized format solely for his or her own educational purposes; and
(b) He or she will not copy or duplicate the instructional material provided in specialized format for use by others.

(4) A public or private institution of higher education that provides a specialized format version of instructional material pursuant to this section may not require that the student return the specialized format version of the instructional material, except that if the institution has determined that it is not required to allow the student to retain the material under the Americans with disabilities act or other applicable laws, and the material was translated or transcribed into a specialized format at the expense of the institution and the cost to reproduce a copy of the translation or transcription is greater than one hundred dollars, the institution may require that the student return the specialized format version.

(5) If a public or private institution of higher education provides a student with the specialized format version of an instructional material, the media must be copy-protected or the public or private institution of higher education shall take other reasonable precautions to ensure that students do not copy or distribute specialized format versions of instructional materials in violation of the copyright revision act of 1976, as amended (17 U.S.C. Sec. 101 et seq.).

(6) For purposes of this section:
(a) "Instructional material or materials" means textbooks and other materials that are required or essential to a student's success in a postsecondary course of study in which a student with a disability is enrolled. The determination of which materials are "required or essential to student success" shall be made by the instructor of the course in consultation with the official making the request in accordance with guidelines issued pursuant to subsection (10) of this section. The term specifically includes both textual and nontextual information.
(b) "Print access disability" means a condition in which a person's independent reading of, reading comprehension of, or visual access to materials is limited or reduced due to a sensory,
neurological, cognitive, physical, psychiatric, or other disability recognized by state or federal law. The term is applicable, but not limited to, persons who are blind, have low vision, or have reading disorders or physical disabilities.

(c) "Structural integrity" means all instructional material, including but not limited to the text of the material, sidebars, the table of contents, chapter headings and subheadings, footnotes, indexes, glossaries, graphs, charts, illustrations, pictures, equations, formulas, and bibliographies. Structural order of material shall be maintained. Structural elements, such as headings, lists, and tables must be identified using current markup and tools. If good faith efforts fail to produce an agreement between the publisher or manufacturer and the public or private institution of higher education, as to an electronic format that will preserve the structural integrity of instructional materials, the publisher or manufacturer shall provide the instructional material in a verified and valid HTML format and shall preserve as much of the structural integrity of the instructional materials as possible.

(d) "Specialized format" means Braille, audio, or digital text that is exclusively for use by blind or other persons with print access disabilities.

(7) Nothing in this section is to be construed to prohibit a public or private institution of higher education from assisting a student with a print access disability through the use of an electronic version of instructional material gained through this section or by transcribing or translating or arranging for the transcription or translation of the instructional material into specialized formats that provide persons with print access disabilities the ability to have increased independent access to instructional materials. If such specialized format is made, the public or private institution of higher education may share the specialized format version of the instructional material with other students with print access disabilities for whom the public or private institution of higher education is authorized to request electronic versions of instructional material. The addition of captioning to video material by a Washington public or private institution of higher education does not constitute an infringement of copyright.

(8) A specialized format version of instructional materials developed at one public or private institution of higher education in Washington state may be shared for use by a student at another public or private institution of higher education in Washington state for whom the latter public or private institution of higher education is authorized to request electronic versions of instructional material.

(9) Nothing in this section shall be deemed to authorize any use of instructional materials that would constitute an infringement of copyright under the copyright revision act of 1976, as amended (17 U.S.C. Sec. 101 et seq.).

(10) The governing boards of public and participating private institutions of higher education in Washington state shall each adopt guidelines consistent with this section for its implementation and administration. At a minimum, the guidelines shall address all of the following:

(a) The designation of materials deemed "required or essential to student success";

(b) The determination of the availability of technology for the conversion of materials pursuant to subsection (5) of this section and the conversion of mathematics and science materials pursuant to subsection (6)(c) of this section;

(c) The procedures and standards relating to distribution of files and materials pursuant to this section;

(d) The guidelines shall include procedures for granting exceptions when it is determined that an individual, firm, partnership or corporation that publishes or manufactures instructional materials is not technically able to comply with the requirements of this section; and

(e) Other matters as are deemed necessary or appropriate to carry out the purposes of this section.

(11) A violation of this chapter constitutes an unfair practice under chapter 49.60 RCW, the law against discrimination. All rights and remedies under chapter 49.60 RCW, including the right to file a complaint with the human rights commission and to bring a civil action, apply.

Disability history month—Activities.

Annually, during the month of October, each of the public institutions of higher education shall conduct or promote educational activities that provide instruction, awareness, and understanding of disability history and people with disabilities. The activities may include, but not be limited to, guest speaker presentations.

[2008 c 167 § 4.]

RCW 28B.10.923

Online learning technologies—Common learning management system for institutions of higher education.

All institutions of higher education are encouraged to use common online learning technologies including, but not limited to, existing learning management and web conferencing systems currently managed and governed by the state board for community and technical colleges; and share professional development materials and activities related to effective use of these tools. The state board for community and technical colleges may adjust existing vendor licenses to accommodate and provide enterprise services for any interested institutions of higher education. The common learning management system shall be designed in a way that allows for easy sharing of courses, learning objects, and other digital content among the institutions of higher education. Institutions of higher education may begin migration to these common systems immediately. The state board for community and technical colleges shall convene representatives from each four-year institution of higher education to develop a shared fee structure.

[2009 c 407 § 2.]

NOTES:

Intent—2009 c 407: "The legislature recognizes that the state must educate more people to higher levels to adapt to the economic and social needs of the future. While our public colleges and universities have realized great success in helping students achieve their dreams, the legislature also recognizes that much more must be done to prepare current and future students for a twenty-first century economy. To raise the levels of skills and knowledge needed to sustain the state’s economic prosperity and competitive position in a global environment, the public higher education system must reach out to every prospective student and citizen in unprecedented ways, with unprecedented focus.

To reach out to these citizens, the state must dismantle the barriers of geographic isolation, cost, and competing demands of work and family life. The state must create a more nimble system of learning that is student-centric, more welcoming of nontraditional and underserved students, easier to access and use, and more tailored to today’s student needs and expectations.

Technology can play a key role in helping achieve this systemic goal. While only a decade ago access to personal computers was widely viewed a luxury, today computers, digital media, electronic information, and content have changed the nature of how students learn and instructors teach.
This presents a vast, borderless opportunity to extend the reach and impact of the state's public educational institutions and educate more people to higher levels.

Each higher education institution and workforce program serves a unique group of students and as such, has customized its own technology solutions to meet its emerging needs. While local solutions may have served institutions of higher education in the past, paying for and operating multiple technology solutions, platforms, systems, models, agreements, and operational functionality for common applications and support services no longer serves students or the state.

Today's students access education differently. Rather than enrolling in one institution of higher education, staying two to four years and graduating, today's learners prefer a cafeteria approach; they often enroll in and move among multiple institutions - sometimes simultaneously. Rather than sitting in lecture halls taking notes, they may listen to podcasts of a lecture while grocery shopping or hold a virtual study group with classmates on a video chat room. They may prefer hybrid courses where part of their time is spent in the classroom and part is spent online. They prefer online access for commodity administrative services such as financial aid, admissions, transcript services, and more.

Institutions of higher education not only must rethink teaching and learning in a digital-networked world, but also must tailor their administrative and student services technologies to serve the mobile student who requires dynamic, customized information online and in real time. Because these relationships are changing so fast and so fundamentally, it is incumbent on the higher education system to transform its practices just as profoundly.

Therefore, the legislature intends to both study and implement its findings regarding how the state's public institutions of higher education can share core resources in instructional, including library, resources, student services, and administrative information technology resources, user help desk services, faculty professional development, and more. The study will examine how public institutions of higher education can pursue a strategy of implementing single, shared, statewide commonly needed standards-based software, web hosting and support service solutions that are cost-effective, easily integrated, user-friendly, flexible, and constantly improving. The full range of applications that serve students, faculty, and administration shall be included. Expensive, proprietary, nonstandards-based customized applications, databases and services, and other resources that do not allow for the transparent sharing of information across institutions, agencies, and educational levels, including K-12, are inconsistent with the state's objective of educating more people to higher levels.” [2009 c 407 § 1.]

Aviation biofuel demonstration project—Income from commercialization of patents, copyrights, proprietary processes, or licenses—Deposit of proportionate percentage of income.

If a state university or foundation derives income from the commercialization of patents, copyrights, proprietary processes, or licenses developed by the forest biomass to aviation fuel demonstration project in section 2, chapter 217, Laws of 2011, a percentage of that income, proportionate to the percent of state resources used to develop and commercialize the patent, copyright, proprietary process, or license must be deposited in the state general fund.

[2011 c 217 § 3.]

NOTES:
**Findings—2011 c 217:** "The legislature finds that the work that is already underway in exploring the potential of linking Washington's forest products and aeronautics industries in producing a sustainable aviation biofuel with feedstock from the state's public and private forestlands is important to this state's economy and its sustainable energy policies. The sustainable aviation fuel Northwest initiative has set the stage by beginning the process and initiating stakeholder involvement in assessing the options for developing the biofuel industry in the Northwest.

The legislature further finds that the work that is being done by the department of natural resources and our state research universities in exploring opportunities to develop aviation biofuel in Washington will provide the scientific and technological analyses needed to determine a pathway for the sustainable use of forest biomass to produce biofuels." **Transfer of ownership of institution-owned vessel—Review of vessel's physical condition.**

(1) Prior to transferring ownership of an institution-owned vessel, an institution of higher education shall conduct a thorough review of the physical condition of the vessel, the vessel's operating capability, and any containers and other materials that are not fixed to the vessel.

(2) If the institution of higher education determines that the vessel is in a state of advanced deterioration or poses a reasonably imminent threat to human health or safety, including a threat of environmental contamination, the institution of higher education may: (a) Not transfer the vessel until the conditions identified under this subsection have been corrected; or (b) permanently dispose of the vessel by landfill, deconstruction, or other related method.

**Transfer of ownership of institution-owned vessel—Further requirements.**

(1) Following the inspection required under RCW 28B.10.925 and prior to transferring ownership of an institution-owned vessel, the institution of higher education shall obtain the following from the transferee:

(a) The purposes for which the transferee intends to use the vessel; and

(b) Information demonstrating the prospective owner's intent to obtain legal moorage following the transfer, in the manner determined by the institution of higher education.

(2)(a) The institution of higher education shall remove any containers or other materials that are not fixed to the vessel and contain hazardous substances, as defined under RCW 70.105D.020.

(b) However, the institution of higher education may transfer a vessel with:

(i) Those containers or materials described under (a) of this subsection where the transferee demonstrates to the institution of higher education's satisfaction that the container's or material's presence is consistent with the anticipated use of the vessel; and

(ii) A reasonable amount of fuel as determined by the institution of higher education, based on factors including the vessel's size, condition, and anticipated use of the vessel including initial destination following transfer.
(c) The institution of higher education may consult with the department of ecology in carrying out the requirements of this subsection.

(3) Prior to sale, and unless the vessel has a title or valid marine document, the institution of higher education is required to apply for a certificate of title for the vessel under RCW 88.02.510 and register the vessel under RCW 88.02.550.

**Investment authority—Bonds, warrants, certificates, notes, bankers' acceptances, and commercial paper.**

(1) The following definitions apply throughout this section unless the context clearly requires otherwise.

(a) "Bond" means any agreement which may or may not be represented by a physical instrument, including but not limited to bonds, notes, warrants, or certificates of indebtedness, that evidences an obligation under which the issuer agrees to pay a specified amount of money, with or without interest, at a designated time or times either to registered owners or bearers.

(b) "Local government" means any county, city, town, special purpose district, political subdivision, municipal corporation, or quasi-municipal corporation, including any public corporation, authority, or other instrumentality created by such an entity.

(c) "State" includes any state in the United States, other than the state of Washington.

(2) In addition to any other statutorily authorized investments permissible pursuant to chapters 28B.20, 28B.30, 28B.35, 28B.40, and 28B.50 RCW, institutions of higher education may invest in:

(a) Bonds of the state of Washington and any local government in the state of Washington, which bonds have at the time of investment one of the three highest credit ratings of a nationally recognized rating agency;

(b) General obligation bonds of a state and general obligation bonds of a local government of a state, which bonds have at the time of investment one of the three highest credit ratings of a nationally recognized rating agency;

(c) Subject to compliance with RCW 39.56.030, registered warrants of a local government in the same county as the institution of higher education making the investment;

(d) Certificates, notes, or bonds of the United States, or other obligations of the United States or its agencies, or of any corporation wholly owned by the government of the United States; or United States dollar denominated bonds, notes, or other obligations that are issued or guaranteed by supranational institutions, provided that, at the time of investment, the institution has the United States government as its largest shareholder;

(e) Federal home loan bank notes and bonds, federal land bank bonds and federal national mortgage association notes, debentures and guaranteed certificates of participation, or the obligations of any other government sponsored corporation whose obligations are or may become eligible as collateral for advances to member banks as determined by the board of governors of the federal reserve system;

(f) Bankers' acceptances purchased on the secondary market;

(g) Commercial paper purchased in the secondary market, provided that any institution of higher education that invests in such commercial paper must adhere to the investment policies and procedures adopted by the state investment board; and

(h) Corporate notes purchased on the secondary market, provided that any institution of higher education that invests in such notes must adhere to the investment policies and procedures adopted by the state investment board.
(3) Nothing in this section limits the investment authority granted pursuant to chapters 28B.20, 28B.30, 28B.35, 28B.40, and 28B.50 RCW.

**RCW 28B.10.980**

**Construction—Chapter applicable to state registered domestic partnerships—2009 c 521.**

For the purposes of this chapter, the terms spouse, marriage, marital, husband, wife, widow, widower, next of kin, and family shall be interpreted as applying equally to state registered domestic partnerships or individuals in state registered domestic partnerships as well as to marital relationships and married persons, and references to dissolution of marriage shall apply equally to state registered domestic partnerships that have been terminated, dissolved, or invalidated, to the extent that such interpretation does not conflict with federal law. Where necessary to implement chapter 521, Laws of 2009, gender-specific terms such as husband and wife used in any statute, rule, or other law shall be construed to be gender neutral, and applicable to individuals in state registered domestic partnerships.
